**FOUR GUILTY IN COED ATTACK** — Part of the crowd of 300 mill about the Leon County Court House in Tallahassee, Fla., after hearing a 12-man all-white jury bring in a verdict of guilty with mercy against the four white youths charged with raping a 19-year-old Negro coed. The "guilty with mercy" verdict, rendered by the jury after four days of trial before capacity crowds, saved the defendants from the death sentence but leaves the way open for the court to hand down long prison terms.

## 13 Witnesses Are Heard In Trial of Mrs. Klumpp

CINCINNATI (AP) — Thirteen witnesses testified today at Edythe Klumpp's murder trial as the prosecution built up the preliminary phases of its case.

So rapid was progress that the trial was continued until Wednesday morning more than an hour before the usual 1 p.m. quitting time. The state had run out of witnesses called for today's session.

Much of the testimony concerned the finding of the body of Louise Bergen, the woman Mrs. Klumpp is accused of killing last Oct. 30.

Ohio State Highway Patrolman Robert Dunbar described Mrs. Bergen's body as being "almost totally cremated," when he was called to Lake Cowan Nov. 1, after duck hunters found it.

Introduced in evidence was a .22-caliber target pistol which the state will claim was used in the shooting of Mrs. Bergen.

Mel Abrams, former fleet superintendent for the Stillpass Transit Co., where Mrs. Bergen was employed, testified he sold the pistol to her before Christmas 1956. He said she wanted to give it to William Bergen as a Christmas present.

## Peace-Loving Brothers Admit Battling 2 Revenue Agents

CLEVELAND (AP)—Two Richland County brothers pleaded guilty today to charges they assaulted Internal Revenue agents who were trying to post attachment notices on their farm property last Dec. 30.

Judge James C. Connell set bond at \$1,000 each for Samuel R. Kising Jr., 40, and his brother Dale R., 38. Their sentence is expected to be delayed for two or three weeks pending a probation report.

The offense carries a maximum sentence of three years imprisonment.

The brothers explained in an interview Monday that they oppose paying income taxes that would be used for purposes of war and sent to foreign countries. They said this conflicts with their religious beliefs.

As a result the government had secured tax liens for \$198,558.14 against the 142-acre farm of the defendants' father, Samuel R. Kising Sr. The Kisings filed no income tax returns from 1942 through 1956 and sent in blank returns in 1957-58, the government said. The latter two returns included a notation that Kising's constitutional rights were being invaded.

Special Agents John D. Relic and Frank J. Gavin went to the Kising dairy farm near Lexington to read a seizure notice and post stickers on buildings and equipment.

## Dems Challenge Ike on Issues President's Foes Ask Debate before Public

WASHINGTON (AP) — Confident Democrats challenged President Eisenhower today to seek a verdict from the people on his legislative program.

If Eisenhower carries his case to the public in television-radio and other speeches, Sen. Mike Mansfield (D-Mont) said in an interview the Democrats will be ready for battle.

"We'll carry our fight to the people, too, on the basis of the record we are making in Congress," Mansfield said. "I think it is a good idea for the President to report to the people and let them decide on the basis of the record, as they have in the last three congressional elections."

Mansfield's chief, Senate Majority Leader Lyndon B. Johnson of Texas told the Senate Monday that Republicans who are criticizing this as a "do nothing" Congress "will wake up some time late in September and find out it just ain't so."

Sen. Everett M. Dirksen of Illinois, the Senate minority leader, backed up the contention of Sen. Thurston B. Morton of Kentucky, the GOP national chairman, that Eisenhower is the best salesman the Republicans have.

Dirksen said Eisenhower had discussed with GOP congressional leaders the possibility of 15-minute TV-radio appearances to whip up support for foreign aid, labor regulation and other administration bills which have come under heavy Democratic attack.

"The President thinks it is his duty to keep the people informed about the way the Democratic Congress is handling his program," Dirksen said.

Asked if one of the objectives would be to build up popular support for possible vetoes of Democratic-sponsored spending bills, Dirksen said yes.

8 Men Cited By Jury for Strike Action

HENDERSON, N.C. (AP) — A Vance County grand jury indicted eight men, including four union officials, on charges of plotting dynamite violence in the bitter textile strike here.

The jury returned the indictments Monday.

Boyd Payton of Charlotte, Carolina director of the Textile Workers Union of America, was named with three other union officials.

They are Lawrence Gore, a member of Payton's staff; Charles Auslander, chairman of the TWUA Joint Board at Spray, N.C.; and John Martin, vice president of Local 578 at the South Henderson plant of the struck Harriet-Henderson Mills.

## Ohio Senate OKs Vote Registration

COLUMBUS, Ohio (AP)—Every voter registration cast its shadow over the length and breadth of Ohio today.

Registration, now affecting 39 counties, would be effective in all 88 if the House accepts a bill approved 21-10 by the Ohio Senate Monday.

Senate approval of the controversial measure came shortly before it passed and sent to the House a bill raising the salaries of county officials—pending the start of new terms—an average of 10 per cent. Most county officials start new terms in about 18 months.

The Senate has before it today a bill to abolish most rotary funds in state government—routine income and outgo not subject to legislative appropriations. Many lawmakers in the past have opposed rotary funds on grounds they loosen the Legislature's hold on the state's pursestrings.

The House virtually completed legislative action on bills to: Subject to taxation the fuel used in highway construction machinery.

Permit creation of private non-profit health care organizations and provide for their regulation.

The statewide registration bill is sponsored by Sen. J. Sherman Porter (D-Gallia.) It would have effect in 49 Ohio counties in which no registration now is required. It would have partial effect in the 16 counties which now require only partial registration. It would have no effect in the 23 counties in which total registration is required.

Senate opposition came from members representing primarily rural districts.

Sen. Ross Pepple (R-Allen) described the bill as "unneeded, unwanted," and added: "It would take away home rule and be a foolish waste of money."

Sen. Harry E. Schwall (R-Fulton) asserted: "The rural counties did not make clear whether the American plane returned the fire. Neither did those reports identify the attacking planes by nationality. The MIGs are Russian-type planes used by the Soviets, Red Chinese and North Koreans."

"Radio reports said the jets attacked without warning, firing tracer ammunition," the Pentagon announcement said.

"Thought to be two in number, they made six firing runs and followed the P4M to within 50 feet of the water as the patrol plane took evasive action. Skies were clear and ceiling unlimited."

"A tail gunner in the U.S. plane was seriously wounded as his gun was knocked out on the first run. He was the only casualty reported."

## Hostage Gains Freedom after 10 Hungry Days

MIDDLEBORO, Mass. (AP) — More than 300 heavily armed police today stalked two alleged police killers in a swampy woodland after gunfire forced the pair to abandon a man they had held captive for 10 nearly foodless days.

Objects of the concentrated manhunt are John Coyle, 23, and his brother, William, 21, both of Philadelphia, known to be armed with five pistols and three belts of ammunition.

The manhunt was one of the biggest in Massachusetts history. It includes scores of state and local police, some two dozen FBI agents, law enforcers from Philadelphia, agents of the Massachusetts Natural Resources Commission, an Air Force helicopter, a Barnstable County plane, and bloodhounds.

Police got on the brothers' trail Monday after they robbed a highway liquor store of \$112 and fired a shot into the counter.

The chase led down a dirt road. Scores of shots were exchanged before the pair fled into the woods.

As police approached their abandoned car, William Sedgewick, 49, of the Roxborough section of Philadelphia, stumbled out — half-starved and exhausted.

"I hadn't eaten in a week," he said. "At night we slept in the woods. They took turns so one could watch me."

"I never expected to get out of this alive," he said.

Sedgewick was captured and robbed of about \$60 June 6, two days after Philadelphia patrolman William Kane, 35, was shot to death as he walked his beat.

Sedgewick said he left his Terrence Street home in the Roxborough section of Philadelphia Saturday afternoon, June 6, to check on the situation at the strike-bound Manayunk Container Corp., where he is employed.

As he left his car in a parking lot, a man he identified as John Coyle approached him, gun in hand and said: "This is a stick-up."

John then was joined by a second man Sedgewick identified as William. They took \$11 from his billfold, but he had a \$50 bill in a secret flap and he held on to that.

Sedgewick said the Coyles tied him up, put him in the back seat (Continued on Page Two)

## Herter, Gromyko Hold Surprise Talk

GENEVA (AP)—Soviet Foreign Minister Andrei Gromyko and U.S. Secretary of State Christian A. Herter met unexpectedly today at Gromyko's request to discuss the final phase of the Big Four conference on Berlin.

There was immediate speculation among Western diplomats that Gromyko might have some new proposal either on breaking the East-West deadlock over Berlin, or on how to wind up the conference.

Earlier Herter met with British Foreign Secretary Selwyn Lloyd amid reports that the Western powers were split over the problem of a summit conference following up the foreign ministers meeting.

Britain was reported urging U.S. and French consideration of accepting a summit session even if the present meeting ended in failure.

The Soviet foreign minister went to Herter's villa. In another conference crisis last week Herter had gone to Gromyko's villa. The Russian was accompanied by A. A. Soldatov, chief of the American section of the Soviet Foreign Office.

Herter had Assistant Secretary of State Livingston Merchant and Llewellyn Thompson, U.S. ambassador to Moscow, as his advisers in the meeting.

The Western allies were reported making an 11th hour attempt to hammer out a stopgap accord on Berlin with the Soviet Union. Diplomatic officials said foreign ministers of the United States, Britain and France may present in secret session Wednesday a new document setting forth their latest ideas.

Herter and Lloyd conferred for an hour at Herter's villa. While Western informants were tight-lipped about the meeting, Herter presumably told the British that President Eisenhower continues strongly opposed to a summit conference unless it is justified by some success here.

The stopgap formula under study by Western experts would represent the minimum Western terms for agreeing to a summit meeting—barring a reversal of policy such as the British government apparently is advocating.

Informants indicated the West's approach would temporarily set aside both Soviet Premier Nikita Khrushchev's plan for turning West Berlin into a free city, and the Western plan for restoring East and West Berlin as a united city through a free election.

In general, informants said, Lloyd spelled out Friday the sort of approach the Allies would like to use—on condition the Soviets withdraw their demand for a one-year limit on the Western occupation of Berlin.

Lloyd's starting point was that any new or revised arrangement must leave intact the right of the United States, Britain and France to go to the aid of West Berliners in case of threat.

The British minister also said he felt neither the Soviets nor the West had said the last word on the possibility of an accord at this conference.

## Judge Ponders Governor's Case

GALVESTON, Tex., (AP)—Gov. Earl K. Long of Louisiana, who says he wants to return to his home state and enter a New Orleans hospital, was back in a Texas mental clinic today for at least another week while a judge pondered whether to free him.

District Judge L. D. Godard said Monday night after the habeas corpus hearing he felt more time should be spent studying the case before he ruled on it. He ordered Long back to the mental clinic while he delayed his decision one week.

Judge Godard also announced postponement of today's sanity hearing after a conference with Probate Judge Hugh Gibson. The sanity hearing also was moved back one week.

Sen. Russell Long (D-La.), the governor's nephew and son of the late Sen. and Gov. Huey P. Long, disagreed.

"It seems to be a very crucial point has been overlooked," said Sen. Long, who attended the hearing but was barred from testifying by court order.

Attorneys for Gov. Long asked the court to bar those representing Mrs. Long from testifying. Mrs. Long did not appear in court.

Sen. Long told newsmen after the hearing the point he had mentioned should have been clear to anyone, even those with no legal training.

The senator has hinted he might seek the governorship.

Gov. Long, leaving the courthouse, yelled: "Still in jail. Still in jail. Texas style."

Earlier, he said: "I don't belong in an asylum."

He said if he had been freed, he would have entered Ochsner Hospital in New Orleans.

If he had gotten back to Louisiana, he said, he probably would have vetoed some bills. In Long's absence, acting Gov. Letha Frasier Monday signed or vetoed the last of the bills passed by the Louisiana Legislature, which adjourned a week ago.

He had been kept entombed in the trunk for a week by his two kidnappers, believed to be John J. Coyle (lower left), 24, and his brother, William Coyle (lower right), 22, wanted for questioning in the June 4 slaying of Philadelphia policeman James F. Kane. Sedgewick was reported in good condition.

Introduced in evidence was a .22-caliber target pistol which the state will claim was used in the shooting of Mrs. Klumpp.

Mel Abrams, former fleet superintendent for the Stillpass Transit Co., where Mrs. Klumpp was employed, testified he sold the pistol to her before Christmas 1956. He said she wanted to give it to William Klumpp as a Christ-

mas present. Klumpp was the victim's estranged husband.

Jill Klumpp, 17-year-old daughter of the defendant, probably will be called as a state witness.

That will mean Mrs. Klumpp's daughter, her divorced husband, Robert, and the man she wanted to marry, will be required by prosecution subpoenas to testify in the trial which entered its second week Monday.

Hamilton County Prosecutor C. Watson Hoyer said he will probably call Jill, a Withrow High School student, to testify about seeing blood on her mother's clothing the evening the state claims Mrs. Klumpp, 41, killed Louise Klumpp, 32.

Mrs. Klumpp is accused of shooting and bludgeoning Mrs. Klumpp in the Klumpp car on a secluded street here because Mrs. Klumpp would not divorce her husband, William.

The prosecution says she kept the body in the trunk of her car overnight and burned it the next day at a lake 45 miles away.

Bergen is scheduled as a state witness, probably late this week, but there was no immediate indication when Klumpp or his daughter would testify.

Boyd Payton of Charlotte, Carolina director of the Textile Workers Union of America, was named with three other union officials.

They are Lawrence Gore, a member of Payton's staff; Charles Auslander, chairman of the TWUA Joint Board at Spray, N.C.; and John Martin, vice president of Local 578 at the South Henderson plant of the struck Harriet-Henderson Mills.

Four strikers named in the indictments were Calvin Ray Pegram, Robert Edward Abbott, Warren Walker and Malcolm Jarrell.

Each was freed under \$15,000 bond.

The indictments charged the men with conspiring to dynamite a Carolina Power & Light Co. substation transformer which feeds power to the mill; dynamite the boiler room at the South Henderson mill; and destroy the main office building at the South Henderson mill.

The price situation is blamed mainly on an overly high hen population, more eggs per hen per year and sagging sales. It was reported the poultry industry over-ordered on chicks last fall and their egg production knocked the props from under prices in late winter.

The attack was started at an altitude of 7,000 feet. The incident, the Pentagon said, took place at 12:36 p.m., Tuesday, Japanese time.

The Defense Department said the plane was on a routine training patrol. It was based at the Iwakuni Marine Corps air facility on the inland sea of Japan's Honshu Island.

"Skillful handling by Lt. Cmdr. Donald Mayer, the pilot, enabled the badly damaged plane to be brought safely into Miho Air Force Base on Honshu," the Pentagon said.

Pentagon records indicate the most recent previous Communist air attack on a U.S. plane in the Far East took place Nov. 17, 1958. In that incident Red fighters attacked an Air Force RB47 over the Sea of Japan. The American plane was not hit.

Another attack, June 12, 1957, involved a naval plane on a routine training flight over Formosa Strait off the Chinese coast. That American plane suffered minor damage from gunfire but there were no casualties.

Similar incidents have been occurring in the Far East area for years.

Porter asserted statewide registration would standardize voting procedure throughout the state; there would be no question about who can and who cannot vote and the possibility of fraud would be greatly reduced. He added: "The present practice of requiring some citizens to register and not requiring others to register is contrary to the American tradition of treating all citizens alike. About 24 per cent of all Ohio citizens are not, at this time, required to register."

Crewman Is Injured In Attack Off Japan

WASHINGTON (AP) — A Navy patrol plane was attacked by MIG jet fighters over international waters of the Sea of Japan Monday and one of the crew was seriously wounded, the Defense Department reported today.

The incident, in which two MIG fighters were believed to have made the attack, occurred about 85 miles east of Wonsan, North Korea.

The first reports received here did not make clear whether the American plane returned the fire. Neither did those reports identify the attacking planes by nationality. The MIGs are Russian-type planes used by the Soviets, Red Chinese and North Koreans."

Earlier Herter met with British Foreign Secretary Selwyn Lloyd amid reports that the Western powers were split over the problem of a summit conference following up the foreign ministers meeting.

Britain was reported urging U.S. and French consideration of accepting a summit session even if the present meeting ended in failure.

The Soviet foreign minister went to Herter's villa. In another conference crisis last week Herter had gone to Gromyko's villa. The Russian was accompanied by A. A. Soldatov, chief of the American section of the Soviet Foreign Office.

Herter had Assistant Secretary of State Livingston Merchant and Lowell Thompson, U.S. ambassador to Moscow, as his advisers in the meeting.

The Western allies were reported making an 11th hour attempt to hammer out a stopgap accord on Berlin with the Soviet Union.

Diplomatic officials said foreign ministers of the United States, Britain and France may present in secret session Wednesday a new document setting forth their latest ideas.

Herter and Lloyd conferred for an hour at Herter's villa. While Western informants were tight-lipped about the meeting, Herter presumably told the British that President Eisenhower continues strongly opposed to a summit conference unless it is justified by some success here.

The stopgap formula under study by Western experts would represent the minimum Western terms for agreeing to a summit meeting—barring a reversal of policy such as the British government apparently is advocating.

Informants indicated the West's approach would temporarily set aside both Soviet Premier Nikita Khrushchev's plan for turning West Berlin into a free city, and the Western plan for restoring East and West Berlin as a united city through a free election.

In general, informants said, Lloyd spelled out Friday the sort of approach the Allies would like to use—on condition the Soviets withdraw their demand for a one-year limit on the Western occupation of Berlin.

Lloyd's starting point was that any new or revised arrangement must leave intact the right of the United States, Britain and France to go to the aid of West Berliners in case of threat.

The British minister also said he felt neither the Soviets nor the West had said the last word on the possibility of an accord at this conference.

**Trading Slows On U.S. Stock Mart Today**

NEW YORK (AP)—Aluminums and selected steels made progress in a mixed stock market early this afternoon. Trading was slow.

Gains and losses of key stocks ranged from fractions to about a point. The popular market averages were down slightly but gains by issues not represented by the averages produced some bright spots in the list.

Carpenter Steel gained more than a point.

The aluminums resumed their advance of last week on glowing industry reports, spurred further by talk today of a price increase if labor negotiations result in a wage boost.

Youngstown Sheet spurted more than 4 while Lukens gained 2 points or so. U.S. Steel dropped about a point. Jones & Laughlin gained slightly.

Chrysler was ahead a bit. Ford and General Motors eased. Good-year continued its recent upsurge, added more than a point. American Telephone backed away another fraction.

U.S. government bonds were unchanged to a bit higher.

## Appeal OK'd On Scioto Conservancy

COLUMBUS, Ohio (AP) — The 10th District Court of Appeals ruled today that it has the jurisdiction to hear appeals questioning the dissolution of the Scioto-Sandusky Conservancy District.

In effect, the court turned down a motion by the district to dismiss four appeals which questioned the authority of the district court to dissolve itself.

Twelve common pleas judges in the 17-county district voted last Dec. 29 to dissolve the district. They contended the district has accomplished nothing since its formation in 1934 and that indications were that nothing would be accomplished.

Questioning the dissolution were officials of Pickaway and Pike counties, the city of Columbus and Mayor M. E. Sensenbrenner of Columbus.

The district's board of directors asked the appeals be dismissed on the grounds (1) that the court of appeals lacked jurisdiction and (2) that the four appellants lacked authority to bring the appeals.

and headed for the New Jersey Turnpike, en route to Massachusetts.

The three had had nothing to eat all day Saturday.

They arrived in Middleboro Sunday, June 7, and stopped in the woods in the Pine street area where they apparently were hiding out today.

All this time, Sedgwick was tied with a half-inch manila rope on the floor of the back seat section of the car.

They laid low all day Monday and Tuesday in the woods.

On Wednesday, a hot day, the Coyle "foiled around" in the woods all day, said the hostage. On Thursday, they drove to Fairhaven, a few miles south, Sedgwick said. He was still tied.

They drove up to a First National store on Route 6 where the pair got out and cased the establishment.

The Coyle, Sedgwick said, pulled out five guns and three cartridge belts and put them on the front seat as they debated whether to rob the store. They decided not to.

They went back to the woods in Middleboro, stayed overnight and all day Friday with nothing to eat.

They stayed in the woods most of Sunday. One went to a store and bought some marshmallows.

It was near the store, Sedgwick said, that he decided it was time to make a drastic move. He raised himself in the car and tried to attract attention. No one noticed him.

Within a few minutes, the pair returned and they went back to the woods.

After a liquor store robbery Monday, they were loosening Sedgwick's bonds, he said, when one of the brothers said "someone's out there."

It was two local policemen. "Then," Sedgwick said, "all of a sudden bullets were flying over my head. I didn't know what in the name of God to do. I figured it was my end."

When the gunmen fled into the woods, Sedgwick freed himself and stumbled out of the car.

He was taken to a nearby diner and fed and then driven to St. Luke's Hospital.

Two Penalized  
Circleville Municipal Court cases today included two men convicted for being under the influence of intoxicants.

Merle C. Crosby, 47, Circleville, was fined \$50 and costs and sentenced to 15 days in jail. Judge Sterling M. Lamb imposed the stiff sentence in view of Crosby's previous intoxication convictions on April 25 and June 4.

Joe E. Bonner, 35, Natrona, Pa., was fined \$25 and costs for intoxication.

## Historical Society Discusses '60 Sesquicentennial Program

Discussion centered around program plans for Circleville's 1960 Sesquicentennial celebration at last night's meeting of the Pickaway County Historical Society.

The discussion took place in the trustees room of the public library. It was led by Mrs. Ray W. Davis. The general meeting was presided over by Society President Harford Renick.

The following suggestions were made to the program committee: Parades—hold one large Sesquicentennial parade and several smaller parades in conjunction with the 1960 Pumpkin Show; It was felt by all that the 1960

Pumpkin Show should center its theme around the Sesquicentennial;

BANQUET AND BALL should both be held in June or early summer to kick off the celebration of Pickaway County's 150th year as a political subdivision and both events should be held here;

Pilgrimages—should be held in the spring or early summer, be profit making and each township should submit places of historical value to be visited;

Reunions—homecoming groups should choose time and place of the reunion;

Pageant—should be held three times—Sunday through Tuesday, possibly before start of County Fair, and held at the Fairgrounds or high school football field and summer is best time to hold it.

Lawrence Goeller Jr. reported that membership application blanks are available. He said that plans for a general charter membership drive have been set up for the last week in August.

At that time, a general mailing to the entire county will be made, explaining the purpose and desires of the Society and asking for members.

INVESTIGATION for making an original county seal has been started. Robert Schumm has volunteered to draw sketches for the proposed seal.

Mrs. Howard N. Stevenson, chairman of the Society's program committee, asked for suggestions of programs for the year.

Public Relations chairman for the Society asked for volunteers to serve on the Speakers Bureau—a committee which will speak at any organization's meeting to publicize the Society and sesquicentennial.

All organizations, including church, civic or fraternal, are asked to contact James I. Smith III at GR 4-3133 or GR 4-6125 for speakers to appear before their groups.

It was announced that Larry Varble accepted chairmanship of the Sesquicentennial program committee and Harry Heffner has replaced Varble on the Finance committee.

It was two local policemen. "Then," Sedgwick said, "all of a sudden bullets were flying over my head. I didn't know what in the name of God to do. I figured it was my end."

When the gunmen fled into the woods, Sedgwick freed himself and stumbled out of the car.

He was taken to a nearby diner and fed and then driven to St. Luke's Hospital.

Two Penalized  
Circleville Municipal Court cases today included two men convicted for being under the influence of intoxicants.

Merle C. Crosby, 47, Circleville, was fined \$50 and costs and sentenced to 15 days in jail. Judge Sterling M. Lamb imposed the stiff sentence in view of Crosby's previous intoxication convictions on April 25 and June 4.

Joe E. Bonner, 55, Natrona, Pa., was fined \$25 and costs for intoxication.

## Historical Society Discusses '60 Sesquicentennial Program

Discussion centered around program plans for Circleville's 1960 Sesquicentennial celebration at last night's meeting of the Pickaway County Historical Society.

The discussion took place in the trustees room of the public library. It was led by Mrs. Ray W. Davis. The general meeting was presided over by Society President Harford Renick.

The following suggestions were made to the program committee: Parades—hold one large Sesquicentennial parade and several smaller parades in conjunction with the 1960 Pumpkin Show; It was felt by all that the 1960

Pumpkin Show should center its theme around the Sesquicentennial; BANQUET AND BALL should both be held in June or early summer to kick off the celebration of Pickaway County's 150th year as a political subdivision and both events should be held here; Pilgrimages—should be held in the spring or early summer, be profit making and each township should submit plans of historical value to be visited; Reunions—homecoming groups should choose time and place of the reunion; Pageant—should be held three times—Sunday through Tuesday, possibly before start of County Fair, and held at the Fairgrounds or high school football field and summer is best time to hold it.

Lawrence Goeller Jr. reported that membership application blanks are available. He said that plans for a general charter membership drive have been set up for the last week in August.

At that time, a general mailing to the entire county will be made, explaining the purpose and desires of the Society and asking for members.

INVESTIGATION for making an original county seal has been started. Robert Schumm has volunteered to draw sketches for the proposed seal.

Mrs. Howard N. Stevenson, chairman of the Society's program committee, asked for suggestions of programs for the year.

Public Relations chairman for the Society asked for volunteers to serve on the Speakers Bureau — a committee which will speak at any organization's meeting to publicize the Society and sesquicentennial.

All organizations, including church, civic or fraternal, are asked to contact James I. Smith III at GR 4-3133 or GR 4-6125 for speakers to appear before their groups.

It was announced that Larry Varble accepted chairmanship of the Sesquicentennial program committee and Harry Heffner has replaced Varble on the Finance committee.

## Pay Boost For County Officials OKd

(Continued from Page 1)  
the county officials' pay raise was described by a sponsor, Sen. Ray T. Miller Jr. (D-Cuyahoga), as a water-down version of the original measure which would have granted pay raises of about 50 per cent.

The increases permitted under the bill reach a top of 35 per cent in the Cleveland area which Miller, son of the Cuyahoga County chairman, represents. He asserted the increases are too low.

The Legislature began its 24th work week Monday with these other highlights:

The House virtually completed passage of a Senate-approved bill to allow voluntary admission to state psychiatric institutions.

In the same category was a bill to increase the amount an insurance company may lend on a single dwelling.

The Senate virtually completed legislative action on House-approved bills to:

Tighten the law regulating beauty parlors and schools of cosmetology.

Include certain food and beverage vending machines under the present food service inspection laws.

The Senate passed and sent to the House a bill to require notification to defendants before a temporary restraining order may be issued in a labor dispute.

The tax front—so much in the news for weeks—was quiet except for a disclaimer from a Republican senator, Charles A. Mosher (R-Lorain), that he intends to feather Democratic Gov. Michael V. DiSalle's tax nest.

Asserted Mosher in a prepared statement: "News stories out of Columbus on June 12 indicated that Gov. DiSalle looks to me as one of the two Republican senators 'behind the move' he believes will give him still more tax revenue, an added tax on bank deposits.

"If he is looking to me for that, he is looking in the wrong direction. I now oppose such a tax, for these two reasons:

"1. I believe this Legislature has already voted Mr. DiSalle as much new revenue as can be justified, and probably more than can be justified. . . . I have voted for his new taxes to the extent they seemed to me justified.

"2. The prime purpose for my suggestion, a month ago, that all financial institutions be taxed equally, can now no longer be accomplished. The banks deposits tax. . . . I have thought of only as a part of a larger tax package, and that package has now been irreparably broken."

## Arline Named As Editor Of Logan News

LOGAN, Ohio (AP)—The Logan Daily News announced today that Henry N. Arline has been appointed managing editor to succeed Dwight Diller, who resigned to return to the teaching profession.

Diller will continue as associate editor until August.

Arline had been Sunday feature editor of the Arizona Daily Star, Tucson. A native of Arizona, he attended George Washington University, and served with the Air Force during World War II.

He worked on newspapers in Albuquerque, N.M.; El Paso, Tex.; Manchester, N.H. and Defiance and Lima, Ohio, before his last post in Tucson.

Diller will return to Logan High School as assistant football and basketball coach, and also teach journalism and science classes.

## Gov. Long's Sanity Hearing Is Postponed

(Continued from Page 1)  
In his petition for the writ of habeas corpus hearing Long said he was a "governor in exile by force and kidnapping." He charged he was drugged, tied to a stretcher and carried aboard a National Guard plane for the flight to Galveston May 30.

Judge Godard asked Long if he wanted to testify.

At the suggestion of his three court-appointed attorneys, Long answered: "I believe it would be better if I didn't testify. I sometimes get a little excited."

However, as expected, the often tempestuous governor broke into the testimony at times. His interruptions were calm, usually drawing smiles.

His actions and words were distinctly reversed from his performances before the Louisiana Legislature three weeks ago that led his wife Blanche to commit the governor to John Sealy Hospital and sign papers that he was mentally ill.

The governor's cousin, Dr. Arthur Long, and other family members agreed with Mrs. Long's decision.

During the testimony, an attorney asked one witness: "Did you know if Dr. Long was a psychiatrist?"

"And a horse doctor," the governor cracked.

Another witness, asked "who were present at the mansion when Dr. Long administered the hypodermics?" answered: "To the best of my knowledge, it was Dr. Long and two orderlies."

At one point, the governor asked his nephew: "How much will you charge to run?" Sen. Long didn't reply.

Maj. Gen. Raymond Hufft, Louisiana adjutant general, told the court Long was drugged and whisked away by force.

Reliable sources told The Associated Press members of the Long family have taken steps to have the governor committed to a Louisiana hospital should he be released in Texas.

Realizing this, the informants said, the governor was trying to contact Louisiana Police Supt. John Nick Brown to ready a hand-picked guard of troopers to prevent his seizure when, and if, he returns to Louisiana.

## Pardon Denied By DiSalle in 'Sharp' Deal

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle today refused to pardon a Toledo man who offered a Mexican alibi for robbery of which he was convicted.

John C. Michoff, 30, requested the pardon to obtain his release from Ohio Penitentiary.

DiSalle said after reviewing his case that it indicated "sharp practice" on the part of Michoff.

"The evidence was such that our office had prepared the forms necessary for a pardon of Michoff," the governor told newsmen.

"But after review I decided not to pardon him."

Michoff and a companion were indicted by a Lucas County Grand Jury on four counts of armed robbery.

After an examination at Lima State Hospital showed he was sane, Michoff agreed to plead guilty to a charge of robbing the Oak Pharmacy in Toledo of \$2,500 on Dec. 28, 1955, if the other counts against him were dropped.

He entered the guilty plea on Dec. 14, 1956, and was sentenced to Ohio Penitentiary to serve 10 to 25 years.

The pardon request was supported by evidence from radio and newsmen that Michoff was in Mazatlan, Mexico at the time of the Oak Pharmacy robbery.

"The evidence we have indicates he might very well have been in Mexico at the time," DiSalle said.

Maj. Gen. Raymond Hufft, Louisiana adjutant general, told the court Long was drugged and whisked away by force.

Reliable sources told The Associated Press members of the Long family have taken steps to have the governor committed to a Louisiana hospital should he be released in Texas.

Realizing this, the informants said, the governor was trying to contact Louisiana Police Supt. John Nick Brown to ready a hand-picked guard of troopers to prevent his seizure when, and if, he returns to Louisiana.

# Pardon Denied By DiSalle in 'Sharp' Deal

COLUMBUS, Ohio (AP) — Gov. Michael V. DiSalle today refused to pardon a Toledo man who offered a Mexican alibi for robbery of which he was convicted.

John C. Michoff, 30, requested the pardon to obtain his release from Ohio Penitentiary.

DiSalle said after reviewing his case that it indicated "sharp practice" on the part of Michoff.

"The evidence was such that our office had prepared the forms necessary for a pardon of Michoff," the governor told newsmen. "But after review I decided not to pardon him."

Michoff and a companion were indicted by a Lucas County Grand Jury on four counts of armed robbery.

After an examination at Lima State Hospital showed he was sane, Michoff agreed to plead guilty to a charge of robbing the Oak Pharmacy in Toledo of \$2,500 on Dec. 28, 1955, if the other counts against him were dropped.

He entered the guilty plea on Dec. 14, 1956, and was sentenced to Ohio Penitentiary to serve 10 to 25 years.

The pardon request was supported by evidence from radio and newsmen that Michoff was in Mazatlan, Mexico at the time of the Oak Pharmacy robbery.

"The evidence we have indicates he might very well have been in Mexico at the time," DiSalle said.

SAN ANTONIO (AP) — Patients in hospitals may sleep in paper gowns on paper sheets and be treated by doctors and nurses wearing paper uniforms, if tests at Brooke Army Medical Center prove successful.

Depositions showed Michoff was in an automobile accident in Mexico on Dec. 26, 1955, and a companion swore that he saw Michoff there on Dec. 27, 28, and 29.

DiSalle expressed concern over the fact that Michoff picked the Oak Pharmacy robbery charge for his guilty plea and refused to take a lie detector test on the others.

"The fact that he picked that count to plead guilty to shows that he did not come into the court with clean hands. It indicated sharp practice," the governor said.

## Olympic Panel in Politics

The International Olympic Committee should stick to sports and stay out of politics. Its expulsion of the Nationalist Chinese was a surrender to the political pressure of Red China backed by Soviet Russia.

The Nationalists were ousted on the ground that they "do not control sports in the entire country of China." For IOC's information, neither do the Chinese Reds, who themselves recognize that Nationalist held Taiwan is part of China.

In 1956, the Communist Chinese withdrew from the Olympic games at Melbourne, Australia, because Nationalists both have been IOC members. But earlier this year, Peiping walked out over IOC's continued recognition of the Nationalists.

Now the Communist Chinese are to be

given IOC's blessing and the Nationalists are offered readmission as representatives of Taiwan only. This involves the "two Chinas" concept which is one aspect of international communism's conflict with the free world in Asia.

Thus the IOC has taken a political decision which, as the U. S. State Department observed, "would be totally inconsistent with its nonpolitical traditions."

## To See Gotham, Use Boy's Eyes

By ED CREAHER

(For Hal Royle)  
NEW YORK (AP)—The best way to see New York is with a 7-year-old boy.

He has the bright eyes you once had. You can see the crazy, muddled-up, wonderful, savage city as you never saw it before. Maybe you saw it once in all its sadly undisciplined glory. Now you see it, on your own, as a madhouse run by the inmates.

But take your 7-year-old son along and the wonderment, even some of the delight, comes back. You take him to the top of the Empire State Building. He looks at all four compass points. He nods, reserving his opinion.

Later he says: "Daddy, that was fun—being up in the Empire State Building."

And if this doesn't make you laugh you don't deserve to be a parent.

Some umpire, over 100 stories high.

Then you take the little monster

—a term of affection in my family—

to Chinatown. He likes it, the way he likes almost any place.

"Daddy," he asks, looking back at the Chinese people going about their business, or otherwise, all around him, "what's the difference between these people and us?"

And if you could answer that question you should be in the United Nations.

Most of all, though, he loves subways.

This will send a shudder through most New Yorkers—and many an ex-New Yorker. Subways are an invention of the devil, overcrowded, noisy, dirty and frequently frightening.

David thinks they're wonderful. You take him to see a live television show. He tries to act properly, impressed by all the cameras, bright lights and hung-up account executives, but you can see that he's fidgeting. So you leave.

"What would you like to do?" you start to say.

But before you say it he comes on with: "Daddy, couldn't we go someplace in the subway?"

So you go down to the intestines of the city and fight your way into one of those overlighted, overpopulated, mobile slums known as subway cars. He loves it. He stands with a look of almost ecstasy, clutching one of those white poles, and is sad when he has to get off.

One night we kept David up after his bedtime while we sat in a restaurant discussing the old days with a friend or two.

Just about the time we expected him to fold he came up with: "Hey, let's get out of here. I want to see Times Square."

So he was taken there. He looked around at possibly the most flamboyant neon lights on earth. He shrugged.

"Let's find a subway station," he said.

We did.

## Many Speeches, Little Thought

By George Sokolsky

Comes June and oratory flows in the land. Every university and college, big and little, has its Commencement and its speakers who instruct the few young and the many oldsters who come to see youth sent out into the world.

Sometimes the addresses of the great men who speak at these fiestas are published in the newspapers, in whole or in part, and usually much of it is a collection of words which are neither elevating nor of sound composition.

Oratory, having long ceased to exist as an art, is never provided any more and the reading of manuscripts is sometimes alleviated by the teleprompter, which, however, has the effect of making some speakers appear to be cockeyed.

Despite all that has happened in the world in recent years, particularly the intensification of nationalism and the betrayal of the Western world by Soviet Russia, there are still those who feel compelled to rise on occasions such as these to advocate limited sovereignty, to pronounce favorably on internationalism and to give youth the concept that patriotism is a sin.

Unfortunately such prophets are not only poisoning the well-springs of America but they are misleading the young who sooner or later, if they are not contrivers or unfortunate, will be called upon to serve their country and its flag and who will wake each morning for two or three years to feel the full force of this country's sovereignty.

The one-worlder does have Isaiah to back him up but not the draft which every boy, as soon as he gets out of college, is likely to face. Some do evade it by trickery but should war come, as it often has, they have an unpaid debt to settle and many of them are caught by their own devices at most inconvenient times. The draft-dodger remains a louse in the American concept of fair play.

Of course, girls may listen to the one-worlder speeches with stony-eyed emotionality, hoping that the day may come when their marriages will not be postponed by such unpleasantness as universal military service. However, American women—that is, those who are truly American—have never wanted their menfolk to be either cowards or cheats and they have never run away from the consequences of life. We still breed a good stock.

The one-worlder does advocate

a noble ideal, but history is moving the other way. Asia has thrown off the shackles of imperialism to replace them by the shackles of intensive nationalism. So has Africa. So has most of Europe.

Only the United States has lost its sense of nationalism and patriotism and is paying a fearful price for accepting phraseology for truth and hope for fact. The danger is that some of our people think not in terms of the welfare of their own country and their responsibility for its survival, but rather in terms so broad, so widespread, as to be realistically meaningless except as a cover for blatant selfishness.

The good old Commencement Day orator who preached love of country in poetic language and heated oratory was much closer to the truth and to morality than those unfortunate weary old men who hope to be regarded by youth as forward-looking because they preach a doctrine of a world of love, as did Micah and Confucius and about everybody else, including Leo Tolstoy, only it never happened. The idea is that if one sets his ideals far enough ahead, say four or five thousand years away, he cannot possibly be wrong, for who will say him nay?

So, one spends an hour or two reading the reported remarks of the so-called great men, some of whom are truly useful in their own limited fields but who, when they speak in terms philosophical, generally have to hire a speech-writer to bring Edmund Burke or Patrick Henry or perhaps Karl Marx up-to-date and so their words are nostalgic and one wonders where he read them before and in what context.

It becomes particularly amusing to listen to a hard-boiled businessman, who in his proper domain fights against doctrines which, in the hired speech, flow from his lips like manna from Heaven. And then one wonders, does he know what he is reading? Does he know that a prankster played a trick on him?

ASYLUM FROM CUBA—Cuban Army Capt. Francisco Rodriguez, arriving in Miami, Fla., on a purchasing mission, looks solemn as he asks political asylum. He says Cuba's government is dominated by Communists, and that they set off the Nicaraguan revolt. He said they systematically indoctrinate the Cuban army with Marxist ideas, and use Russian officers as military instructors.

## Simple Headache Remedies

By Herman N. Bundesen, M.D.  
Here's how to cure that headache.

Recurring or prolonged headaches, of course, should be treated by a physician. But for the average run-of-the-mill headache you and millions of others experience occasionally, here are a few easy remedies:

Simplest way to relieve a simple headache is to take one or two aspirin tablets or some of the other analgesics that are available.

Right here I'd like to explain that large doses of aspirin do not give more relief than a couple of tablets provide. Repeated small doses, however, may prolong the relief.

Now the use of aspirin or other analgesics apparently doesn't halt the pain itself. However it does raise the threshold of pain. And just as long as the pain doesn't cross this threshold, you are comfortable.

There are some newer drugs that interrupt the mechanism that produces pain as well as elevating the pain threshold.

If aspirin alone doesn't do the trick, aspirin with strong black coffee probably will. This combines a pain reliever with caffeine, generally an effective combination.

But taking a combination of two or three analgesics will not multiply the relief from pain by two or three times. Even aspirin with codeine raises the threshold only to the level obtained with codeine alone.

The value of analgesics in severe headaches is limited. Therefore if these simple remedies don't help much, better see your doctor. There are other measures, too.

## The World Today

By James Marlow

WASHINGTON (AP)—Those powerful Texas twins—Sen. Lyndon B. Johnson and Speaker Sam Rayburn, leaders of the House and Senate Democrats—are in a strange spot for them. They're in the middle.

Republicans berate this heavily Democratic congress, where Johnson and Rayburn are undisputed bosses, for trying to go too far. Now some leading Democrats are swiping at the two Texans for not leading the Democrats far enough.

This is an odd turn of events for this shrewd pair of politicians. They started this year with a Congress where the Democrats, because of their 1958 election victory, had an almost overwhelming majority.

It was thought then—because of the big Democratic majority and the fact President Eisenhower was in the last two years of his second and last term—that Johnson and Rayburn, not Eisenhower, would call the tune and the shots.

The Democrats talked of programs far broader than Eisenhower had in mind. But this was at a time when the country still didn't know whether it was truly pulling out of the 1958 recession.

Big programs—and big-spending programs—might have been a necessity if the recession continued. But it didn't. The country was moving out of recession into another potential boom.

And Eisenhower, probably with the help of some smart political advice, found a way to put the Democratic majority on the defensive. This was in his campaign—sounded over and over—against the danger of inflation and big spending.

He put the label "big spenders" on the Democrats. It made them self-conscious.

But he had a weapon to use against them, too. This was the threat he'd veto any programs which the Democratic-run Congress passed but which he considered excessive. It has been a potent weapon, augmented by a constant needling from Republican leaders in Congress against Democratic "budget busters."

As a net result, this is a far more conservative Congress than it seemed likely to be at the beginning of the year.

Monday the Senate, where Democrats far outnumber Republicans, backtracked on a bill for federal airport grants, voting to continue for two years the pres-

ent rate of 63 million dollars a year instead of the 465 million the Democrats originally wanted over a four-year period.

Some Senate Democrats shook their heads over the retreat and said they had been forced to surrender "with a loaded veto pen at our heads." But if this wasn't bad enough for Johnson and Rayburn to have to endure, they got something just as bad from inside their own party.

Over the weekend the Democratic Advisory Council, made up of prominent Democrats, denounced Eisenhower's threat of vetoes on legislation he didn't like.

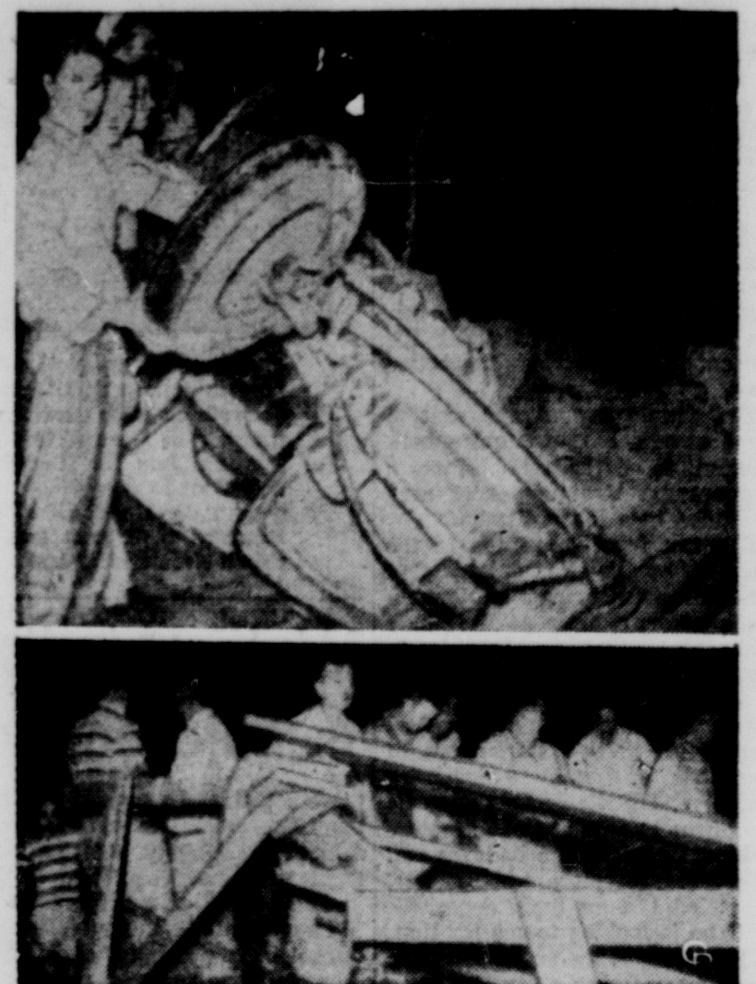

At the same time it complained of "watering down proposed legislation to the limits of what the President might accept." This was interpreted as a sharp crack at the Johnson-Rayburn leadership.

Both men have consistently ignored the council.

Then the council threw in this: it advised the congressional Democrats to pass legislation they think the country needs even if it is vetoed, since it would make a good campaign issue in the 1960 elections.

That's free advice but begs the question. If Johnson and Rayburn push legislation they think the country needs, but only to get it vetoed and end up with no legislation at all, the country is worse off than if Johnson and Rayburn had pushed less far-reaching legislation which Eisenhower did not veto.

In other words, while the Democrats got a talking point in 1960, the country would suffer. Since Johnson and Rayburn ignore the council, they'll probably ignore this and go along on compromises.

26 INJURED WHEN CAR CATAPULTS INTO CROWD—A speeding race car hurtled through the air and slammed upside down into a screaming crowd at St. Joseph, Mo., injuring 26 persons, including the 5-year-old son of the driver. At least 13 were seriously hurt and six are in critical condition. Albert M. Nield, the driver, escaped injury. At top, spectators examine the wreckage of the racing car. At bottom, crowds are shown looking at wrecked stands of the Beverly Speedway.

An ice bag on the head is often of value. And application of heat—hot towels, heat lamps, packs, etc.—to the taut, tense upper shoulder and neck muscles might be of some help.

The frequency and intensity of tension headaches might be lessened by a soothing warm bath for half an hour a day. Just sit with your entire body immersed and relax.

In most cases, I think you will find that one or a combination of these remedies will be effective.

New Custom Union Studied in Europe

STOCKHOLM, Sweden (AP)—Seven governments are studying a 24-page plan proposing a second European customs union similar to the six-nation Common Market.

Ministers from the seven countries involved—Britain, Austria, Switzerland, Denmark, Norway, Sweden, and Portugal—plan to meet here about the middle of July to act on the proposal.

Forty ministers from the seven governments met here June 1 to work out the plan.

By James Marlow

WASHINGTON (AP)—Those powerful Texas twins—Sen. Lyndon B. Johnson and Speaker Sam Rayburn, leaders of the House and Senate Democrats—are in a strange spot for them. They're in the middle.

Republicans berate this heavily Democratic congress, where Johnson and Rayburn are undisputed bosses, for trying to go too far. Now some leading Democrats are swiping at the two Texans for not leading the Democrats far enough.

This is an odd turn of events for this shrewd pair of politicians. They started this year with a Congress where the Democrats, because of their 1958 election victory, had an almost overwhelming majority.

It was thought then—because of the big Democratic majority and the fact President Eisenhower was in the last two years of his second and last term—that Johnson and Rayburn, not Eisenhower, would call the tune and the shots.

The Democrats talked of programs far broader than Eisenhower had in mind. But this was at a time when the country still didn't know whether it was truly pulling out of the 1958 recession.

Big programs—and big-spending programs—might have been a necessity if the recession continued. But it didn't. The country was moving out of recession into another potential boom.

And Eisenhower, probably with the help of some smart political advice, found a way to put the Democratic majority on the defensive. This was in his campaign—sounded over and over—against the danger of inflation and big spending.

He put the label "big spenders" on the Democrats. It made them self-conscious.

But he had a weapon to use against them, too. This was the threat he'd veto any programs which the Democratic-run Congress passed but which he considered excessive. It has been a potent weapon, augmented by a constant needling from Republican leaders in Congress against Democratic "budget busters."

As a net result, this is a far more conservative Congress than it seemed likely to be at the beginning of the year.

Monday the Senate, where Democrats far outnumber Republicans, backtracked on a bill for federal airport grants, voting to continue for two years the pres-

ent rate of 63 million dollars a year instead of the 465 million the Democrats originally wanted over a four-year period.

Some Senate Democrats shook their heads over the retreat and said they had been forced to surrender "with a loaded veto pen at our heads." But if this wasn't bad enough for Johnson and Rayburn to have to endure, they got something just as bad from inside their own party.

Over the weekend the Democratic Advisory Council, made up of prominent Democrats, denounced Eisenhower's threat of vetoes on legislation he didn't like.

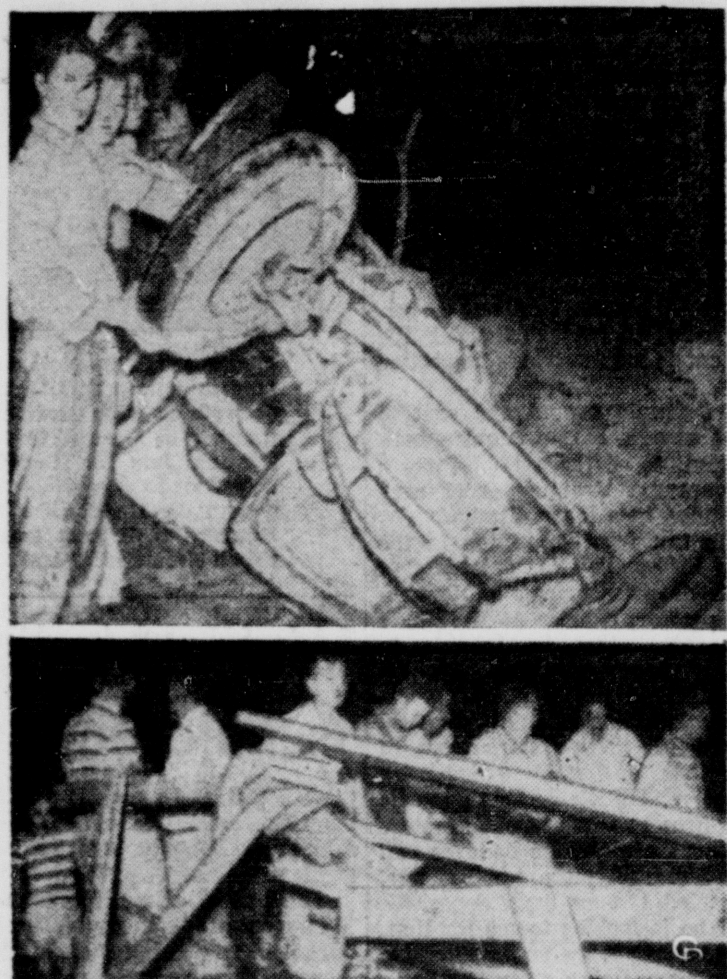

At the same time it complained of "watering down proposed legislation to the limits of what the President might accept." This was interpreted as a sharp crack at the Johnson-Rayburn leadership.

Both men have consistently ignored the council.

Then the council threw in this: it advised the congressional Democrats to pass legislation they think the country needs even if it is vetoed, since it would make a good campaign issue in the 1960 elections.

That's free advice but begs the question. If Johnson and Rayburn push legislation they think the country needs, but only to get it vetoed and end up with no legislation at all, the country is worse off than if Johnson and Rayburn had pushed less far-reaching legislation which Eisenhower did not veto.

In other words, while the Democrats got a talking point in 1960, the country would suffer. Since Johnson and Rayburn ignore the council, they'll probably ignore this and go along on compromises.

26 INJURED WHEN CAR CATAPULTS INTO CROWD—A speeding race car hurtled through the air and slammed upside down into a screaming crowd at St. Joseph, Mo., injuring 26 persons, including the 8-year-old son of the driver. At least 13 were seriously hurt and six are in critical condition. Albert M. Nidel, the driver, escaped injury. At top, spectators examine the wreckage of the racing car. At bottom, crowds are shown looking at wrecked stands of the Beverly Speedway.

ASYLUM FROM CUBA—Cuban Army Capt. Francisco Rodriguez, arriving in Miami, Fla., on a purchasing mission, looks solemn as he asks political asylum. He says Cuba's government is dominated by Communists, and that they set off the Nicaraguan revolt. He said they systematically indoctrinate the Cuban army with Marxist ideas, and use Russian officers as military instructors.

## Portrait of Sen. Taft To Be Given GOP

WASHINGTON (AP) — A portrait of the late Sen. Robert A. Taft (R-Ohio) will be presented to Senate Republicans Wednesday. The portrait, approved by Taft shortly before his death in 1953, will be kept permanently in the office of the Senate GOP leader Sen. Everett M. Dirksen of Illinois, who will accept the painting. The portrait is by Rudolf Bernat-schke.

## Nations Choose Up Sides for World Trade

### New Blocs Forming May Put Added Pinch On American Sale

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP)—The nations seem to be choosing up sides to day for world trade.

American manufacturers, miners and farmers who sell their products overseas, or would like to — and American businessmen who see foreign products competing with them here at home — have something new to deal with: trading blocs.

The latest taking shape is the Outer Seven.

It is nudging in alongside the Inner Six.

In the talking stage are trading blocs for Latin America, for some new African nations, and perhaps for the Moslem lands.

An older and well established one is the British Commonwealth group, strung across the globe. Its nations enjoy certain preferential treatment.

And one whose shape is both vague and fearsome is the Communist League. Its effect on world trade is uncertain but already disturbing.

The United States, long accustomed to being a top factor in world trade, may find increasing competition from the blocs as they grow stronger. The slip in its own export trade has been showing for some time.

The newest bloc being mullied over today is the Trading Association outlined in the meeting of seven European countries in Stockholm, Sweden.

Their avowed aim is to put themselves — Britain, Austria, Switzerland, Denmark, Norway, Sweden and Portugal — in a position of strength in dealing with the Inner Six, or Common Market lands. These are Italy, France, West Germany, Belgium, Luxembourg and the Netherlands.

Both groups hope to cut tariffs by 20 per cent a year from now.

American business can't object to that. What they worry about is the long term goal.

This is, in time, to unite all the West European nations into one huge trading area with no barriers, whether tariffs or import quotas, on trade among themselves, but with a common tariff on imports from the rest of the world.

If this comes about, and if the tariff wall turns out to be higher than Europeans now say they expect it to be, Americans may be effectively cut off from this important world market.

Also they may find a competing bloc so strong economically that American goods may lose out in still more world trade markets.

American industry will be given new cause to re-appraise its methods: its production costs, its pricing and credit policies, the quality of its old products and its search for new and better ones.

WHERE THREE CHILDREN BURNED TO DEATH—This is the old locomotive boiler incinerator in which three children burned to death at a Ray, N.D., trailer court. They were Larry Dean Slater, 5, Rodney Brenden, 5, and Rodney's sister Debra, 4. It is believed they crawled through the door, and it perhaps blew shut. How fire was started is a mystery.

FIRST OF THEIR STATES—Arthur Kubo (left) of Honolulu, Hawaii, and Julian Weisler of Fort Richardson, Alaska, shake hands in front of the cadet corps flag at West Point, N. Y., following graduation ceremonies. They represent the two newest states in the U. S. Military academy class of 1959.

GIRL, 14, MISSING—Some 200 police and 1,000 Boy Scouts launched a search for 14-year-old Susan Lawrence (above), who left home June 8 to do some studying in a library. The girl, a high school freshman, received mysterious telephone calls over the past two months. One caller threatened harm, it was said.

But for the time being public interest will be in watching how the Inner Six and the Outer Seven resolve their many differences.

## Appointment of Aids Made To Help Operate Boys State

ATHENS, Ohio (AP)—Buckeye Boys State, the 22nd annual American Legion-sponsored school in self-government, moved into its second day of full operation today after spending most of Monday naming party leaders and filling appointive positions.

The Federalist Party which holds a slim majority in both houses—42-38 in the House and 23-17 in the Senate—selected Ronald Prosser of Canfield as speaker and majority leader of the House. Thomas Good of Parma is speaker pro tem and Willy Jones of Warren is majority whip.

In the Senate, Thomas Davis of Darmaide was chosen majority leader and John Krebs of Sandusky was named majority whip. Nationalist Lt. Gov. Tom Logan of Columbiana presides over the Senate.

In the key minority slots, Brian Lemmis of Middletown was selected minority whip in the House, and

in the Senate, William Zachmann of Cleveland is minority leader and Russel Bishop of Shaker Heights is whip.

Federalist Gov. Gary Richetto of Warren named his Nationalist rival for the chief executive's chair, Dennis Bathory of Euclid, highway director. He also appointed William Giffin of Ottawa, who was defeated in the race for treasurer, as commerce director.

Gary Bonney of New London was named assistant to Secretary of State Richard Leukart of Shaker Heights. Bonney was defeated by Leukart in Sunday's election.

Other Richetto Cabinet directors are John Brugler, Warren, finance; and Gari Distelhorst, Galloway, agriculture; Don Kubit, Cleveland, health; Jay Williams, Warren, industrial relations; George Mirablen, Elyria, public welfare; James Albright, Lebanon, natural resources; Tom Carder, Covington, Bureau of Unemployment Compensation; James Enghausen, Dayton, adjutant general; William Yancy, Cortland, Ohio Turnpike commissioner, and Tom Saunders, Carey, tax commissioner.

The Utilities Commission is composed of Edward Kucier, Cleveland; Gary Shaffer, West Mansfield; and Dennis Beer, Mansfield. On the Civil Service Commission are Charles Cottrell, Wapakoneta and Ted Hamilton, Columbus.

State Auditor Robert Chism of Bowling Green put the mythical 51st state in the "black" Monday when he announced that distribution to the four counties amounted to \$720,000 in appropriated funds and that the 29 cities had received a total of \$420,000.

## Playing New Tune

WESTFIELD, N. J. (AP) — Before the turn of the century, when he was vice president of a piano company, Charles M. Tremaine used to spend an annual fortune advertising the virtues of his product.

"I spent \$350,000 a year telling people it was a waste of time to learn to play the piano—the player piano could do it better," said the 88-year-old man. "I've been making amends ever since."

To prove it, he founded National Music Week (May 3-10 this year) in 1924 to promote the do-it-yourself kinds of music. But Tremaine himself can't play a note.

## India Protects Himalayan State

GANGTOK, Sikkim (AP) — For decades the little Himalayan state of Sikkim has earned a quiet living from its position astride the main trade routes between India and Tibet.

Mule caravans still wend their way over the 14,000-foot passes into Tibet, but today large Red Chinese garrisons are posted on the other side.

Hundreds of refugees from Communist rule in Tibet have fled into Sikkim, finding a cautious welcome from this protectorate of India.

In handling all foreign relations and advising on internal affairs, the Indian government tries to preserve Sikkim's sheltered life.

All nationalities but Indians and Tibetans need special permission from New Delhi to visit this Himalayan state. Recently passes have been granted for tourists to make one-day trips up to Gangtok, the capital of Sikkim, which straggles along a sharp ridge.

On one high point sits the palace of the Maharajah Tashi Namgyal in whose name Sikkim is governed. On a higher point are perched the residence and office buildings of the Indian government's representative.

Small farms dotted along the hillside raise rice and millet for home consumption, and a few export crops. Oranges and cardamom are the main earners of foreign exchange aside from money made on mule caravan trade to Tibet.

The original inhabitants of Sikkim are Lepchas, but about 500 years ago Bhutias began arriving from Tibet. The immigrants included the ancestors of the Maharajah. They made the Buddhist Lamaism of Tibet Sikkim's state religion.

The present Maharajah succeeded to the throne in 1914 but does not take an active part in governing his 140,000 subjects. He leaves the job to the deewan, or prime minister. The present one is N. K. Rustomji, a member of the Indian civil service.

Sikkim is trying to modernize its ancient economy with a seven-year plan which runs until 1961. As the protector and adviser of

the small state, India is putting up both the money and the experts to carry out the plan, which aims mainly at improving the primitive roads, transport and communications.

In the first four years of the plan, more than 250 miles of road have been built in the state 70 miles long and 60 miles wide. At separate cost, India is laying down roads toward Sikkim's borders with Tibet. These roads are called "strategic communications."

Sikkim is fearful it will face new hardships if Red China continues its recent trend toward restricting Tibet's trade with India while increasing commerce with the China coast.

### Lucas County Asks Bids On 200 Voting Machines

TOLEDO, Ohio (AP) — Lucas County commissioners today ordered bids on 200 voting machines with the hope they can be in operation for the October primary election here. Probable cost was estimated at between \$330,000 and \$370,000 for the machines to initially equip 100 of the some 700 precincts in the county.

## High Court Tells Ohio To Hear Appeal

WASHINGTON (AP)—The Supreme Court today in effect told the Ohio Supreme Court to docket an appeal by a life term convict even though he cannot pay a \$20 filing fee.

Chief Justice Warren delivered the 6-2 decision. Justice Frankfurter dissented in an opinion in which Justice Harlan joined. Justice Stewart took no part.

William W. Burns, sentenced in February 1953 in Hamilton County, contended the Ohio Supreme Court's refusal denied him due process and equal protection of laws guaranteed by the U.S. Constitution's 14th Amendment.

Burns was given a life term on conviction by a jury for burglary. He also was convicted of larceny of \$800 and got a concurrent sentence of one to seven years. About Dec. 1, 1957 he sought to file an appeal with the Ohio Supreme Court without payment of the \$20 filing fee, saying he was a pauper.

The clerk of the Ohio Supreme Court, in notifying Burns his appeal could not be filed, informed him Ohio law and court rules required payment of the \$20. Burns then appealed to the U.S. Supreme Court, which agreed to review his contentions without the payment of usual fees. The high tribunal also appointed Mrs. Helen G. Washington, attorney of this city, to argue his case.

### Hamilton YWCA Appeals Verdict

COLUMBUS, Ohio (AP) — The Young Women's Christian Assn. of Hamilton appealed to the Ohio Supreme Court today in a \$100,000 damage suit resulting from a drowning in the YWCA pool.

Victim of the drowning on April 13, 1957, was Jane Gibbon, 12-year-old daughter of Clark P. Gibbon. Administrator Thomas Gibbon of her estate claimed negligence.

Butler County Common Pleas Court sustained a YWCA demurrer, claiming the administrator lacked a cause of action. The First District Appellate Court reversed that decision and returned the case for further proceedings.

### Ohio Governor Stuck With '56 Model Ford

COLUMBUS, Ohio (AP)—A new state automobile would suit Gov. Michael V. DiSalle fine. But he has slight hopes of getting it.

"I asked if there was a better car available but I didn't get one," the governor told newsmen. A 1956 Ford is assigned for the governor's use. He personally owns a 1958 Oldsmobile.

"I drive my own car when I pick up anybody," the governor laughed. "I don't want the state to suffer."

## Ohio Industrialist Peddles Russian Medical Equipment

CLEVELAND (AP) — Russian scientists may be going around the United States this year showing off medical equipment which a Cleveland industrialist hopes will find approval here.

The industrialist, H. James Rand, head of Rand Development Corp., called one device "a completely new approach to suturing." Surgeons who now sew patients back together by hand will find the suturing device will do the job much faster—with staples — says Rand.

Rand expects to have the Russian scientists demonstrate their equipment at U.S. medical schools. If the surgical stapler and another device, a machine which puts a person to sleep with electricity, pass that test, Rand development will exercise an option to import the "know-how."

Rand said he paid the Russians \$50,000 last week for a nine-month option, and must pay another \$50,000 to exercise the option and bring the designs to this country. After that, Rand Development would pay the Russians \$50,000 a year for 10 years. Rand, primarily a research organization, would arrange for manufacture, sharing profits on a percentage basis, the industrialist said.

The suturing device can be used on blood vessels and nerves as well as on body tissue. One operation in which it is extremely useful, Rand remarked, is the removal of a large section of stomach where cancer has spread. The de-

## Pollitt Attends Training School

Don Pollitt, Farm Bureau organization director for Pickaway, Fairfield and Ross Counties, was at Russell's Point today attending a training school with 50 other county farm leaders, according to Turney Glick, local Farm Bureau president.

Pollitt and the other organization directors will devote all of the four-day session discussing Farm Bureau's statewide participation-type program," Glick said. The meeting, led by state Farm Bureau staff, will show the Pickaway County organization director a plan to start more advisory councils in Ohio.

Farm Bureau now has more than 1580 advisory council discussion groups of 10,612 families active in every Ohio county.

This is one of several Farm Bureau training schools this year for its men in the field. Other training sessions for new and experienced organization directors are on Farm Bureau philosophy and the program of the state-wide farm organization of almost 34,000 farm families.

# Indians Find Range Again, Climb to First

3 Home Runs Yield 5-1 Win To Hoist Tribe Ahead of Sox

By THE ASSOCIATED PRESS  
Cleveland's revived Indians, once more thumping home runs, suddenly are in the American League lead after winning six straight in a scramble to stay ahead of the fast-closing Detroit Tigers.

The Indians, counting all their runs on three homers, shot back on top with a 5-1 victory at Boston Monday night for a .002 percentage-point edge over Chicago's idle White Sox. The Tigers closed within 1 1/2 games of the lead by handing Hoyt Wilhelm his first defeat of the season in a 6-4 victory at Baltimore — their 18th in a 23-game rocket ride from the cellar.

Washington ripped Kansas City 8-5, with Harmon Killebrew hammering his 22nd home run for the Senators, in the only other game. In the National League, Los Angeles trimmed Milwaukee's first place lead to one game, beating the Braves 4-0.

The Indians backed Gary Bell's three-hit pitching with solo homers by Jim Baxes and Woody Held and a clinching three-run shot by Minnie Minoso, who broke a 1-1 tie by tagging an 0-2 pitch in the fourth inning.

The Indians, who hit only five home runs while losing nine of 10 games in a skid from the top, now have belted 17 homers in their streak — one shy of the AL record for six games set by the 1936 Yankees. It all began last Wednesday, when Rocky Colavito triggered the blasting with his record-tying four in one game at Baltimore.

Since then, Cleveland has missed hitting a home run in only one game. Colavito is the individual leader in the streak with six. Minoso is next with four, three in three games in two days and good for a dozen runs.

The homers made it a breeze for Bell, who struck out nine but walked six while claiming a 6-5 record.

The Tigers, who have won six of their last seven, made it three in a row after getting only two infield hits for five innings off Wilhelm (9-1), who had won 10 straight since last September 16. Then they rapped the knuckleballing right-hander for four hits and three runs in the sixth, ending his string of scoreless innings at 19.

Singles by Eddie Yost, Al Kaline and Larry Osborne, plus a double by Harvey Kuenn, Charlie Maxwell's sacrifice fly and a passed ball, did it. Then Kuenn, who was 3 for 5 and regained the AL bat lead from Kaline (.361 to .357), put it away with a two-run homer in the seventh—the first off Wilhelm in 115 innings stretching back to a home run by Kaline last September 12. Ray Narleski won his third in a row for the Tigers, although giving up 11 hits.

## Herald Edges Coca Cola, 5-4 In LL Opener

The Little League baseball program got off to a thrilling start last night at Ted Lewis Park as The Herald Hawks edged the Coca Cola Jets, 5-4, in extra innings.

Howard Dade tied up the game for Coca Cola with a home run driving in two runs in the top of the sixth inning. The Herald won the game on Jim Wood's RBI single that drove in David Bass.

Bass was the evening's hitting star with 3 for 4 and scoring three of The Herald's five runs. Dade, with his homer, and George Hill, with a triple, were Coca Cola's sluggers, getting all their team's hits—two apiece.

Winning hurler was Bass, who relieved starter Tom Copeland in the fifth inning. Dade took the loss after relieving starter Skip Lutz in the seventh inning.

THE HAWKS got off to a fine start with three runs in the initial inning. The Jets rallied in the top of the fourth for two runs.

Winner Bass struck out six while Copeland fanned seven and walked two. Lutz whiffed 11 batters and issued three walks. Dade tossed a third strike past one man.

Three games are on tonight's card at Ted Lewis Park. Ward's Market battles Lincoln Plastic at 5:30 p. m. on the little diamond.

The Elks meet Ralston Purina at 5:30 p. m. on the softball diamond. Action at 7:45 p. m. finds DuPont battling General Electric in Babe Ruth action.

## Adkins Hurls Three-Hitter

Pitcher Joe Adkins hurled a nifty three-hitter for his Deeds Dairy Lancaster American Legion baseball team Saturday as he and his mates went on to post a 13-1 win over visiting Akron Post 209.

Sunday the Deeds crew bombarded McArthur, 21-5, with Shortstop Cal Ellis leading the way with a three-run homer. The two victories give the Lancaster team an 11-4 record for the season.

Adkins sailed along in command in the Akron game as he fanned 11 and walked five. Ten runs in the fourth inning was all he needed in the way of batting support.

Ellis accounted for three of the Deeds' runs.

Ellis was two-for-three in the McArthur test, rapping a single in addition to his four-base blast.

## VFW Nine Gets First Win In Split with Laurelville

Veterans of Foreign Wars won their first league softball game of the season last night at Ted Lewis Park, downing Laurelville, 3-2, after dropping the first tilt of a doubleheader, 5-4.

VFW's Junior Fowler picked up the win, allowing five hits, fanning seven and walking three. Laurelville's Bill Smith hurled a tight one-hitter, but saw his effort handicapped by three errors.

Laurelville grabbed a 2-0 lead, but VFW came back with a single marker in the third and two in the fourth to complete all scoring for the contest.

R. Brown had a homer for VFW and Strous tagged a double for Laurelville.

## OLIVER 60-T and 60-W Twine-Tie and Wire-Tie BALERS

All-Around Tonnage Champs with "Pivot-Balanced" Drive

Match a new Oliver—twine-tie or wire-tie—with any other machine in your small, rough, patch-pattern fields. There's where it gobbles up the windrows, bales up to ten tons per hour as easily as on the straightaway.

You get Oliver's exclusive "pivot-balanced" drive...and exceptionally short coupling. Just follow the windrow with the rear tractor wheel—even around the sharpest corner. Your Oliver gets the hay... saves hours of time when time counts most.

Here are balers with everything: new, leaf-saving pickup...swinging drawbar for safe transport...overrunning clutch (extra)...protective devices for all important units. You can adjust bale length in seconds—from 12 to 50 inches. Twine- and wire-tying units are easy to interchange, and an engine (extra) is easy to mount when desired.

## Boosters Set Picnic For Tiger Teams

The Circleville High School Booster Club will hold a picnic Thursday at Ted Lewis Park to honor the 1959 CHS baseball and track teams.

Booster President David (Red) Crawford said the open air pot luck banquet will start at 6 p. m. Refreshments will be furnished by the Booster Club.

Parents, fans and guests are requested to bring a covered dish and complete table service. The Booster picnic has become an annual affair here in honor of the Tiger baseball and track squads. In the Fall the local club honors the football team with a banquet, sponsors a carry-in for the basketball and wrestling squads later in the year, then winds up yearly activity with the picnic for cinder-men and baseballers.

On hand to receive appropriate awards and honors Thursday will be members of the South Central Ohio League champion baseball squad and performers of the hardworking track team.

## Puttering Around PCC

By GEORGE FICKARDT  
Two holes, four strokes!  
Last Wednesday Rudolpho Chelkowski picked up an eagle two on No. 1, then to prove it wasn't a fluke, he blasted a birdie on No. 2. The difficulty was that he was playing three warm-up holes before a match. During the match he had no such luck.

Wayne Evans showed true power golf the other day. He cracked his tee shot over the creek on No. 7, then hit the green with his second. He, however, missed his eagle putt and had to settle for a bird.

The women golfers report they had a fine time at the Chillicothe Invitational last week.

Tom McGuire, using a 4-wood, cleared the creek on No. 9 by about 25 yards on his tee shot. On his second round he fired a four-iron and eight-iron to reach the No. 9 green in regulation strokes.

On the same day, Walt Fisher drove No. 3 green.

Incidentally, there was a powerful north wind that day.

The pairings for the Director's tournament are posted in the pro shop. The handicaps are either too high or too low, each golfer feels, depending on whether he is giving or getting strokes.

Betty Young had a fancy 32 Monday morning. It was her lowest score over the Pickaway Country Club layout.

Rick Spires was host to the Cen-

tral Ohio Greenskeepers Assn. here Monday. Greenskeepers from Mansfield, Columbus, Lancaster and Chillicothe, as well as from other cities throughout central and southern Ohio were on hand to play and have dinner at Tink's Tavern.

The annual Pickaway County Club Women's Invitational is slated to get under way at 9 a. m. Thursday. Women golfers from all over Central Ohio will be on hand for this fabulous event.

## Gourmet Corner Wins Doubleheader

The Gourmet Corner softball team recorded a doubleheader win Sunday over host Williamsport.

Pitcher James Walisa recorded the first win on the strength of a 20-5 decision. Fenton Brown hurled the second test to post a 7-5 decision.

Bob Neff and Richard Stevenson smacked homers in the first test and Walisa connected for a round tripper to knot the count in the second tilt.

Humphrey was the losing pitcher in the first game and Anderson and Schleich worked for the losers in the other contest.

## Quaker State Boosts Ohio Producer Prices

OIL CITY, Pa. (AP) — Quaker State Refining Co. today began paying producers of Buckeye Pennsylvania grade crude oil 22 cents more a barrel, upping the price to \$3.47 a barrel.

The increase is the first the company has given Buckeye producers in a year. A company spokesman said continuing improvement in quality of the crude oil over the last month made the increase possible.

Buckeye Pennsylvania grade crude is produced in southeastern Ohio.

The portrait is by Rudolf Bernat-schke.

## Nations Choose Up Sides for World Trade

New Blocs Forming May Put Added Pinch On American Sale

By SAM DAWSON

AP Business News Analyst  
NEW YORK (AP)—The nations seem to be choosing up sides today for world trade.

American manufacturers, miners and farmers who sell their products overseas, or would like to — and American businessmen who see foreign products competing with them here at home — have something new to deal with: trading blocs.

The latest taking shape is the Outer Seven.

It is nudging in alongside the Inner Six.

In the talking stage are trading blocs for Latin America, for some new African nations, and perhaps for the Moslem lands.

An older and well established one is the British Commonwealth group, strung across the globe. Its nations enjoy certain preferential treatment.

And one whose shape is both vague and fearsome is the Communist League. Its effect on world trade is uncertain but already disturbing.

The United States, long accustomed to being a top factor in world trade, may find increasing competition from the blocs as they grow stronger. The slip in its own export trade has been showing for some time.

The newest bloc being muddled over today is the Trading Association outlined in the meeting of seven European countries in Stockholm, Sweden.

Their avowed aim is to put themselves — Britain, Austria, Switzerland, Denmark, Norway, Sweden and Portugal — in a position of strength in dealing with the Inner Six, or Common Market lands. These are Italy, France, West Germany, Belgium, Luxembourg and the Netherlands.

Both groups hope to cut tariffs by 20 per cent a year from now.

American business can't object to that. What they worry about is the long term goal.

This is, in time, to unite all the West European nations into one huge trading area with no barriers, whether tariffs or import quotas, on trade among themselves, but with a common tariff on imports from the rest of the world.

If this comes about, and if the tariff wall turns out to be higher than Europeans now say they expect it to be, Americans may be effectively cut off from this important world market.

Also they may find a competing bloc so strong economically that American goods may lose out in still more world trade markets.

American industry will be given new cause to re-appraise its methods: its production costs, its pricing and credit policies, the quality of its old products and its search for new and better ones.

WHERE THREE CHILDREN BURNED TO DEATH—This is the old locomotive boiler incinerator in which three children burned to death at a Ray, N.D., trailer court. They were Larry Dean Slater, 5, Rodney Brenden, 5, and Rodney's sister Debra, 4. It is believed they crawled through the door, and it perhaps blew shut. How fire was started is a mystery.

FIRST OF THEIR STATES—Arthur Kubo (left) of Honolulu, Hawaii, and Julian Weisler of Fort Richardson, Alaska, shake hands in front of the cadet corps flag at West Point, N. Y., following graduation ceremonies. They represent the two newest states in the U. S. Military academy class of 1959.

## Chemical Firm Buys 70 Acres Near Newark

NEW YORK (AP) — Reichhold Chemicals Inc. has purchased a 70-acre tract at Newark, N.J., for the company's 18th domestic plant. It will produce a full line of resins and chemicals for industrial customers.

## Down on the Farm

TROY, Ala. (AP) — Three-year-old Keith Rolling claims to be one of the world's youngest tractor drivers. He is able to start and stop the machine, put it into forward or reverse gear, and drive it.

**GIRL, 14, MISSING** — Some 200 police and 1,000 Boy Scouts launched a search in the Detroit area for 14-year-old Susan Lawrence (above), who left home June 8 to do some studying in a library. The girl, a high school freshman, received mysterious telephone calls over the past two months. One caller threatened harm, it was said.

But for the time being public interest will be in watching how the Inner Six and the Outer Seven resolve their many differences.

## Appointment of Aids Made To Help Operate Boys State

ATHENS, Ohio (AP)—Buckeye Boys State, the 22nd annual American Legion-sponsored school in self-government, moved into its second day of full operation today after spending most of Monday naming party leaders and filling appointive positions.

The Federalist Party which holds a slim majority in both houses—42-38 in the House and 23-17 in the Senate—selected Ronald Prosser of Canfield as speaker and majority leader of the House. Thomas Good of Parma is speaker pro tem and Willy Jones of Warren is majority whip.

In the Senate, Thomas Davis of Darndale was chosen majority leader and John Krebs of Sandusky was named majority whip. Nationalist Lt. Gov. Tom Logan of Columbiana presides over the Senate.

In the key minority slots, Brian Lemmis of Middletown was selected minority whip in the House, and

in the Senate, William Zachmann of Cleveland is minority leader and Russel Bishop of Shaker Heights is whip.

Federalist Gov. Gary Richetto of Warren named his Nationalist rival for the chief executive's chair, Dennis Bathory of Euclid, highway director. He also appointed William Giffin of Ottawa, who was defeated in the race for treasurer, as commerce director.

Gary Bonney of New London was named assistant to Secretary of State Richard Leukart of Shaker Heights. Bonney was defeated by Leukart in Sunday's election.

Other Richetto Cabinet directors are John Brugler, Warren, finance; and Gari Distelhorst, Galloway, agriculture; Don Kubit, Cleveland, health; Jay Williams, Warren, industrial relations; George Mirablen, Elyria, public welfare; James Albright, Lebanon, natural resources; Tom Carder, Covington, Bureau of Unemployment Compensation; James Engshauser, Dayton, adjutant general; William Yaney, Cortland, Ohio Turnpike commissioner, and Tom Saunders, Carey, tax commissioner.

The Utilities Commission is composed of Edward Kucel, Cleveland; Gary Shaffer, West Manchester, and Dennis Beer, Mansfield. On the Civil Service Commission are Charles Cottrell, Wapakoneta and Ted Hamilton, Columbus.

State Auditor Robert Chism of Bowling Green put the mythical 51st state in the "black" Monday when he announced that distribution to the four counties amounted to \$720,000 in appropriated funds and that the 20 cities had received a total of \$420,000.

## Playing New Tune

WESTFIELD, N. J. (AP) — Before the turn of the century, when he was vice president of a player piano company, Charles M. Tremaine used to spend an annual fortune advertising the virtues of his product.

"I spent \$350,000 a year telling people it was a waste of time to learn to play the piano—the player piano could do it better," said the 88-year-old man. "I've been making amends ever since."

To prove it, he founded National Music Week (May 3-10 this year) in 1924 to promote the do-it-yourself kinds of music. But Tremaine himself can't play a note.

## Judge Takes Breather

DENVER (AP) — After Don D. Bowman was sworn in as a Denver district judge to fill a vacancy, he had to disqualify himself from the first case assigned to him. The defendant's attorney was the judge's son, Arthur Bowman.

## In Memoriam

**IN MEMORIAM**  
In loving memory of our beloved brother, George Elmer Munaw, who June 16, 1954. Five years ago today, June 16, 1954. Five years have passed, dear Brother, since you went away. We love you and how we miss you each lonely night and day. The face we love is now laid low, your loving voice is still. That vacant place in hearts, no one can ever fill. We often sit and talk of you, when we are all alone, and day by day we miss you more. As we walk through life alone, some day we hope to meet you, some day we know not when, to clasp your hand in that better land, never to part again.

# Indians Find Range Again, Climb to First

3 Home Runs Yield 5-1 Win To Hoist Tribe Ahead of Sox

By THE ASSOCIATED PRESS  
Cleveland's revived Indians, once more thumping home runs, suddenly are back in the American League lead after winning six straight in a scramble to stay ahead of the fast-closing Detroit Tigers.

The Indians, counting all their runs on three homers, shot back on top with a 5-1 victory at Boston Monday night for a .002 percentage-point edge over Chicago's idle White Sox. The Tigers closed within 1 1/2 games of the lead by handing Hoyt Wilhelm his first defeat of the season in a 6-4 victory at Baltimore — their 18th in a 23-game rocket ride from the cellar.

Washington ripped Kansas City 8-5, with Harmon Killebrew hammering his 22nd home run for the Senators, in the only other game. In the National League, Los Angeles trimmed Milwaukee's first place lead to one game, beating the Braves 4-0.

The Indians backed Gary Bell's three-hit pitching with solo homers by Jim Baxes and Woody Held and a clinching three-run shot by Minnie Minoso, who broke a 1-1 tie by tagging an 0-2 pitch in the fourth inning.

The Indians, who hit only five home runs while losing nine of 10 games in a skid from the top, now have belted 17 homers in their streak — one shy of the AL record for six games set by the 1936 Yankees. It all began last Wednesday, when Rocky Colavito triggered the blasting with his record-tying four in one game at Baltimore.

Since then, Cleveland has missed hitting a home run in only one game. Colavito is the individual leader in the streak with six. Minoso is next with four, three in three games in two days and good for a dozen runs.

The homers made it a breeze for Bell, who struck out nine but walked six while claiming a 6-5 record.

The Tigers, who have won six of their last seven, made it three in a row after getting only two infield hits for five innings off Wilhelm (9-1), who had won 10 straight since last September 16. Then they rapped the knuckleballing right-hander for four hits and three runs in the sixth, ending his string of scoreless innings at 19.

Singles by Eddie Yost, Al Kaline and Larry Osborne, plus a double by Harvey Kuenn, Charlie Maxwell's sacrifice fly and a passed ball, did it. Then Kuenn, who was 3 for 5 and regained the AL bat lead from Kaline (.361 to .357), put it away with a two-run homer in the seventh—the first off Wilhelm in 115 innings stretching back to a home run by Kaline last September 12. Ray Narleski won his third in a row for the Tigers, although giving up 11 hits.

## Herald Edges Coca Cola, 5-4 In LL Opener

The Little League baseball program got off to a thrilling start last night at Ted Lewis Park as The Herald Hawks edged the Coca Cola Jets, 5-4, in extra innings.

Howard Dade tied up the game for Coca Cola with a home run driving in two runs in the top of the sixth inning. The Herald won the game on Jim Wood's RBI single that drove in David Bass.

Bass was the evening's hitting star with 3 for 4 and scoring three of The Herald's five runs. Dade, with his homer, and George Hall, with a triple, were Coca Cola's sluggers, getting all their team's hits—two apiece.

Winning hurler was Bass, who relieved starter Tom Copeland in the fifth inning. Dade took the loss after relieving starter Skip Lutz in the seventh inning.

THE HAWKS got off to a fine start with three runs in the initial inning. The Jets rallied in the top of the fourth for two runs.

Winner Bass struck out six while Copeland fanned seven and walked two. Lutz whiffed 11 batters and issued three walks. Dade tossed a third strike past one man.

Three games are on tonight's card at Ted Lewis Park. Ward's Market battles Lincoln Plastic at 5:30 p. m. on the little diamond.

The Elks meet Ralston Purina at 5:30 p. m. on the softball diamond. Action at 7:45 p. m. finds DuPont battling General Electric in Babe Ruth action.

## Adkins Hurls Three-Hitter

Pitcher Joe Adkins hurled a nifty three-hitter for his Deeds Dairy Lancaster American Legion baseball team Saturday as he and his mates went on to post a 13-1 win over visiting Akron Post 208.

Sunday the Deeds crew bombarded McArthur, 21-5, with Shortstop Cal Ellis leading the way with a three-run homer. The two victories give the Lancaster team an 11-4 record for the season.

Adkins sailed along in command in the Akron game as he fanned 11 and walked five. Ten runs in the fourth inning was all he needed in the way of batting support. Ellis accounted for three of the Deeds' runs.

Ellis was two-for-three in the McArthur test, rapping a single in addition to his four-base blast.

## VFW Nine Gets First Win In Split with Laurelville

Veterans of Foreign Wars won their first league softball game of the season last night at Ted Lewis Park, downing Laurelville, 3-2, after dropping the first tilt of a doubleheader, 5-4.

VFW's Junior Fowler picked up the win, allowing five hits, fanning seven and walking three. Laurelville's Bill Smith hurled a tight one-hitter, but saw his effort handicapped by three errors.

Laurelville grabbed a 2-0 lead, but VFW came back with a single marker in the third and two in the fourth to complete all scoring for the contest.

R. Brown had a homer for VFW and Strous tagged a double for Laurelville.

## Boosters Set Picnic For Tiger Teams

The Circleville High School Booster Club will hold a picnic Thursday at Ted Lewis Park to honor the 1959 CHS baseball and track teams.

Booster President David (Red) Crawford said the open air pot luck banquet will start at 6 p. m. Refreshments will be furnished by the Booster Club.

Parents, fans and guests are requested to bring a covered dish and complete table service. The Booster picnic has become an annual affair here in honor of the Tiger baseball and track squads. In the Fall the local club honors the football team with a banquet, sponsors a carry-in for the basketball and wrestling squads later in the year, then winds up yearly activity with the picnic for cinder-men and basebalers.

On hand to receive appropriate awards and honors Thursday will be members of the South Central Ohio League champion baseball squad and performers of the hardworking track team.

## Kingston LL In Progress

The Kingston Little League baseball program started June 8 and will run through July 10. Four teams make up the league.

Players ages range from 9 to 13 years. Teams are divided equally considering age and ability. Teams are the Reds, Braves, Giants and Cards.

Team members are: Reds — Dave Large, Russell Carper, Rodney Davis, Dick Delong, Steve Rainey, David Kelley, Bob Meadows, Danny Davis, Bob Gearheart and Joe Rayburn.

Braves—Bill Large, Brent Davis, Ned Boggs, Bud Brooks, Dave Strausbaugh, David Sams, Richard Kline, John Ralston, Kenneth Russell and Charlie Wood.

GIANTS—RUSSELL Smith, Bobby Strausbaugh, Roger Hammond, John Boggs, Ron Edwards, Jerry Bennett, Norman Cox, Larry Sims, Ronny French and Mike Likens.

Cards—Joe Streitenberger, Sam Miller, David Buckwalter, Jim Wolfe, Jim Delong, John Davis.

## Puttering Around PCC

By GEORGE FICKARDT  
Two holes, four strokes! Last Wednesday Rudolpho Chlikowski picked up an eagle two on No. 1, then to prove it wasn't a fluke, he blasted a birdie on No. 2. The difficulty was that he was playing three warm-up holes before a match. During the match he had no such luck.

Wayne Evans showed true power golf the other day. He cracked his tee shot over the creek on No. 7, then hit the green with his second. He, however, missed his eagle putt and had to settle for a birdie.

The women golfers report they had a fine time at the Chillicothe Invitational last week.

Tom McGuire, using a 4-wood, cleared the creek on No. 9 by about 25 yards on his tee shot. On his second round he fired a four-iron and eight-iron to reach the No. 9 green in regulation strokes.

On the same day, Walt Fisher drove No. 3 green.

Incidentally, there was a powerful north wind that day.

The pairings for the Director's tournament are posted in the pro shop. The handicaps are either too high or too low, each golfer feels, depending on whether he is giving or getting strokes.

Betty Young had a fancy 52 Monday morning. It was her lowest score over the Pickaway Country Club layout.

Rick Spires was host to the Central Ohio Greenskeepers Assn.

here Monday. Greenskeepers from Mansfield, Columbus, Lancaster and Chillicothe, as well as from other cities throughout central and southern Ohio were on hand to play and have dinner at Tink's Tavern.

The annual Pickaway County Club Women's Invitational is slated to get under way at 9 a. m. Thursday. Women golfers from all over Central Ohio will be on hand for this fabulous event.

## Gourmet Corner Wins Doubleheader

The Gourmet Corner softball team recorded a doubleheader win Sunday over host Williamsport.

Pitcher James Wallis recorded the first win on the strength of a 20-5 decision. Fenton Brown hurled the second test to post a 7-5 decision.

Bob Neff and Richard Stevenson smacked homers in the first test and Wallis connected for a round tripper to knot the count in the second tilt.

Humphrey was the losing pitcher in the first game and Anderson and Schleiss worked for the losers in the other contest.

## Body of Missing Boy Is Found in Elyria Park

You get Oliver's exclusive "pivot-balanced" drive...and exceptionally short coupling. Just follow the windrow with the rear tractor wheel—even around the sharpest corner. Your Oliver gets the hay... saves hours of time when time counts most.

Here are balers with everything: new leaf-saving pickup...a swaling drawbar for safe transport...overrunning clutch (extra)...protective devices for all important units. You can adjust bale length in seconds—from 12 to 50 inches. Twine- and wire-tying units are easy to interchange, and an engine (extra) is easy to mount when desired.

# Patterson Sets Own Training Pace for Johansson Bout

CHATHAM, N.J. (AP) — World heavyweight champion Floyd Patterson may not have much to say, but he's strictly on his own when training decisions are made.

"This has been going on for several years," said manager Gus D'Amato today as Patterson started his final week of serious training for his June 25 title defense against Sweden's Ingemar Johansson in The Yankee Stadium. "But we haven't said anything about it. Floyd is the type who needs no trainer. He's that sharp."

D'Amato merely keeps a close eye on his prize chattel. He does all the talking, but looks for other things to do when Patterson starts his training sessions.

"I've heard all this talk about Floyd being overtrained," scowled D'Amato. "But it doesn't mean a thing. He knows exactly when he's had enough. He decides when, where and how long to work out. And I'll tell you something else. This boy simply cannot be overtrained. He can work all he wants to and still not be overtrained."

Possibly the only real top heavyweights down through the years who were their own bosses were Gene Tunney and Jersey Joe Walcott.

"Speaking of training," continued D'Amato, "I understand Johansson doesn't place much faith in them either."

"They tell me he hasn't been going at his training seriously enough. Well, you must realize that everyone has his own sys-

tem. After all, he is undefeated in Europe, so he must know something about how to get ready for a fight."

Patterson plans to wind up serious training on Sunday.

GROSSINGER, N.Y. (AP) — Incensed at reports that he hasn't been taking his training chores seriously, Ingemar Johansson came to his own defense today.

"I have been out dancing just twice," the Swedish challenger for Floyd Patterson's world heavyweight championship said. "And I have been on just two television programs."

Johansson, the undefeated European champion who meets Patterson for the title June 25 in Yankee Stadium, is upset at reports that he lacks enthusiasm for his task.

Likewise, he can't understand why he is criticized for not going after his sparring partners with more gusto.

"I don't believe in trying to knock them out," he shrugged, "so why should anyone else care?"

To date, he has put in 131 rounds in the ring and has missed just two days of work.

Ingemar appears to be working for speed and stamina. He apparently has enough confidence in his punching ability to concentrate on other matters.

He is on the road every morning rain or shine, and runs like all get-out.

### Wife-Killer Jury To Cuyahoga Jury

CLEVELAND (AP) — Leonard Babcock, 46, accused of killing his wife in their apartment in Lakewood Friday night, waived preliminary hearing Monday and was bound over to the grand jury.

Lakewood police said Babcock admitted shooting his wife, Georgia, 46, but claimed she had threatened him with a bottle after a drinking session.

For two years I met a lady from his home town. She said my husband had been married more than once before. When I asked my husband about it he called this woman a blankety-blank liar. Then another person told me the same story. This time when I asked my husband, he admitted it was true but he refused to tell me who he was married to, for how long, why the divorce or if there were any children. One divorce was bad enough. Had I known there were two I'd never have married him. After two years can I get an annulment?

DECEIVED

DEAR DECEIVED: You certainly can. Line up a lawyer lady. You've been had.

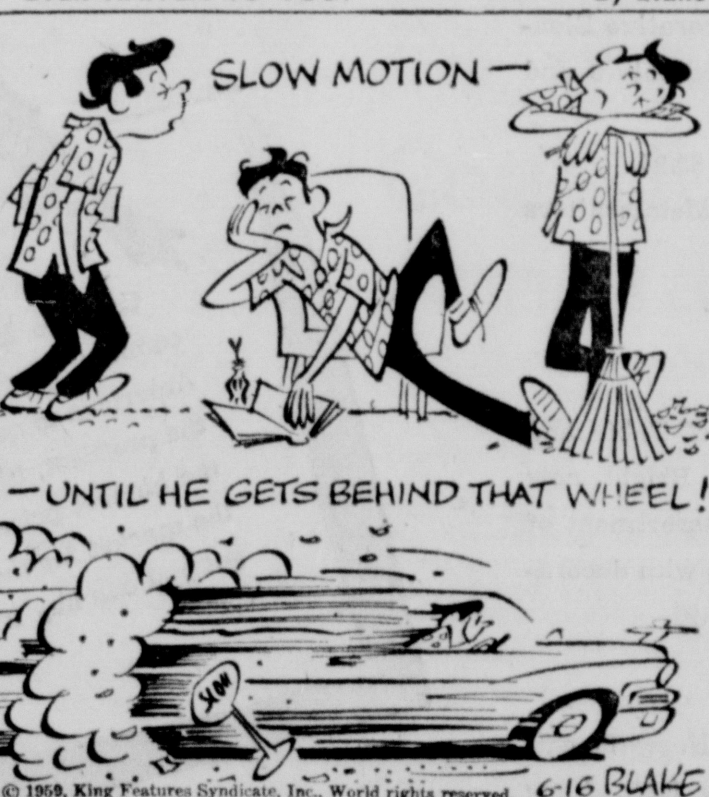

DEAR BY: I am a girl almost 14 years of age. I know most of the facts of life, but would like my mother to fill me in on the details. I have read some books about it and the rest I got from my girlfriends. Do you think I am too young to know the rest if there is any? Should I ask my mother to tell me now? She would be the best source as she has had three children.

GROWING UP

DEAR GROWING: Don't hesitate to ask your mother any question that comes to your mind. When a young lady wants to know, it is time to tell her.

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

EVER HAPPEN TO YOU? By Blake

IN MEMORIAM  
In loving memory of our beloved brother, George Elmer Munaw, who June 16, 1954, five years ago today, June 16, 1954. Five years have passed, dear Brother, since you went away. We love you and ch how we miss you, each lonely night and day. The face we love is now laid low, your loving voice is still. That vacant place in hearts, no one can ever fill. We often sit and talk of you, when we are all alone, and day by day we miss you more, as we walk through life alone. Some day we hope to meet you, some day we know not when, to clasp your hand in that better land, never to part again.

## U.S. Men Lazy and Sloppy So Says Famed Schiaparelli

By DOROTHY ROE  
Associated Press Women's Editor  
Elsa Schiaparelli says American men are lazy and sloppy. This also is true, in a lesser degree, of all men, even Europeans, says the imperious Schiaparelli, whose ideas on dress and manners have left an imprint on a generation of international society.

The Paris designer is annoyed because men won't take the trouble to dress up any more. "I get more disgusted with men all the time — particularly trav-

eling Americans," she says. "They start out on a trip to Europe and never bother to pack a dinner jacket. This is not only stupid — it's bad manners."

"Dozens of times recently I have invited a man to a dinner party, mentioning that he should wear a black tie, only to be told gaily that he didn't bring one along. Invariably he adds — 'I'll just have to come as I am.'"

Schiaparelli takes a dim view of all phases of the current American craze for casual living.

"Give a man a chance and he'll be so casual that he won't bathe, shave or comb his hair. He'll just depend on his animal magnetism to get him by," she says.

Schiaparelli aired her views during one of her frequent trips to New York to check on her many American enterprises.

"People dress pretty badly now every place — in Paris as well as New York. There doesn't seem to be any elegance any more, and nothing is important enough to be grand occasion. It has become fashionable to be bored and careless."

"I feel life should have its great and brilliant moments, when men and women dress in the grand manner, and festivity is set in a formal frame. There are times to be casual and times to be correct. It's all right to wear a sweater and slacks on a picnic, but they don't belong in the theater or the drawing room."

"It's not polite to refuse to dress for a party. It's an insult to your hostess. After all, correct dress is a part of good manners."

## Toledo Is Urged To Fix Up Bridge

TOLEDO, Ohio (AP) — A consulting engineering firm advised city officials today the entire deck of the Anthony Wayne Bridge should be replaced and the span painted as soon as possible. The estimated cost is \$1,324,000.

The New York firm of Hardesty and Hanover said the deterioration of the bridge's concrete under-deck is caused by expansions due to chemical reactions within the concrete, freezing of water after it has seeped into the slab and expansions due to crystallization of salt used in winter de-icing.

## Ohio Mapping New Drive on Hog Cholera

COLUMBUS, Ohio (AP)—Ohio, which has the dubious distinction of being the birthplace of hog cholera in the United States, is trying to wipe out the virus-caused disease.

The latest step is a regulation which the State Agriculture Department will put out soon, limiting the use of live cholera virus preparations. A public hearing on the regulation was conducted here Monday.

The new rule will prevent use of virulent preparations after Sept. 1. The idea, says veterinarian Harry G. Geyer, chief of the Division of Animal Industry, is to prevent potential spreading of the disease. An animal vaccinated with the live preparation passes off the still-dangerous virus in its wastes, he explained today.

Thus, Geyer said, the vaccinated animal may be protected, but other hogs in the area may contract the disease.

As a result of Monday's public hearing, however, Geyer said, the regulation will be modified so that the live preparation may be prepared here for shipment outside the state, and used to test the immunity of hogs already vaccinated with other types of cholera vaccine.

The disease first appeared in this country in Ohio about 1830.

## Polio Season Starting: Get Immunizations Now

Polio may hit this summer unless local people get vaccine shots immediately, local March of Dimes officials said today.

The Salk shots have been available for four years, but fewer than half of those in the critical under-40 age bracket have been inoculated.

Included in this group are about 12 million children under 6 years of age. Last year's leap of 24 per cent in the number of paralytic polio cases has doctors alarmed.

What you should do: Be sure all members of your family under 40 have completed the series of three shots. Doctors also recommend shots for those over 40 if they are in proximity to children.

IF YOU AND your children have had all three shots, ask your doctor whether the time has come for a fourth shot. This booster shot is strongly urged by Dr. Salk, discoverer of the vaccine.

Polio is not a disease of the past. Pickaway County had several cases of paralytic polio last year.

At the present time, the local chapter has outstanding debts of about \$3,500 for patient care and rehabilitation which can not be paid until money is available.

"Not only are we concerned with the lack of money to pay these outstanding debts, but these outstanding debts, but with

the fact that many of these people will remain crippled the rest of their lives", polio officials said.

Proper care of the polio victim usually can reduce the crippling effects of the disease, but seldom can proper care cure the patient. Once a person has polio, he will usually carry the effects of it the rest of his life.

The value of the Salk vaccine is so great that the Ohio State Legislature, in the past few months, has considered making it a require-

ment for first grade entrance into school.

IF YOU AND YOUR family do not have the protection of the Salk vaccine, we can only urge that you contact your family physician or the county or city health officer, local chapter officials stated.

The City Health Department recently completed administering first and second round polio injections for all indigent children under 18.

City Health Nurse Mrs. Charles Kirkpatrick reported that 430 polio immunizations have been given to date. Additional polio shots have been made available at the local health office.

## Plastic Bag Pamphlets Head for Local Offices

COLUMBUS, Ohio (AP)—Local health departments will soon receive pamphlets which warn that transparent plastic bags can become instruments of death if misused.

The plastic material—used to protect dry-cleaned clothes, some foods and other goods—can cling to the face and cause suffocation, the Health Department warns. Or, says the department, a child may bite off bits of the material, which can become lodged in the windpipe.

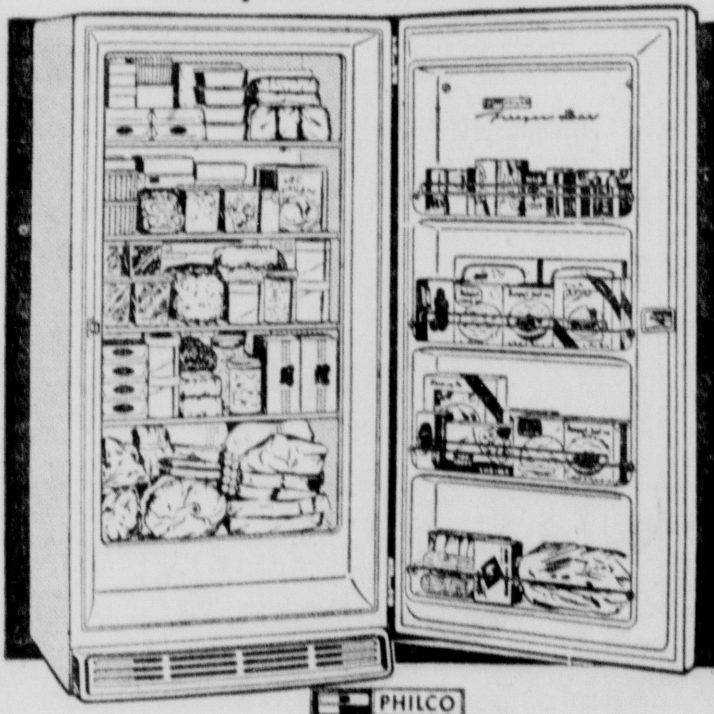

About 35 deaths across the nation this year have been blamed on the plastic, and the Ohio department says the bags caused six accidental deaths and one suicide in Ohio.

## Toledo-Cleveland NYC Train Is Discontinued

COLUMBUS, Ohio (AP) — The New York Central Railroad has announced it plans to discontinue train No. 78 which leaves Toledo at 6:35 p.m., EST, stops in Sandusky and Elyria and arrives at Cleveland at 8:30 p.m., EST. The railroad told the Utilities Commission Monday that train No. 6, arriving in Cleveland at 7:05 p.m., EST, can handle No. 78's business.

## Patterson Sets Own Training Pace for Johansson Bout

CHATHAM, N.J. (AP) — World heavyweight champion Floyd Patterson may not have much to say, but he's strictly on his own when training decisions are made.

"This has been going on for several years," said manager Gus D'Amato today as Patterson started his final week of serious training for his June 25 title defense against Sweden's Ingemar Johansson in The Yankee Stadium. "But we haven't said anything about it. Floyd is the type who needs no trainer. He's that sharp."

D'Amato merely keeps a close eye on his prize chattel. He does all the talking, but looks for other things to do when Patterson starts his training sessions.

"I've heard all this talk about Floyd being overtrained," scowled D'Amato. "But it doesn't mean a thing. He knows exactly when he's had enough. He decides when, where and how long to work out. And I'll tell you something else. This boy simply cannot be overtrained. He can work all he wants to and still not be overtrained."

Possibly the only real top heavyweights down through the years who were their own bosses were Gene Tunney and Jersey Joe Walcott.

"Speaking of training," continued D'Amato, "I understand Johansson doesn't place much faith in them either."

"They tell me he hasn't been going at his training seriously enough. Well, you must realize that everyone has his own sys-

tem. After all, he is undefeated in Europe, so he must know something about how to get ready for a fight."

Patterson plans to wind up serious training on Sunday.

GROSSINGER, N.Y. (AP) — Incensed at reports that he hasn't been taking his training chores seriously, Ingemar Johansson came to his own defense today.

"I have been out dancing just twice," the Swedish challenger for Floyd Patterson's world heavyweight championship said. "And I have been on just two television programs."

Johansson, the undefeated European champion who meets Patterson for the title June 25 in Yankee Stadium, is upset at reports that he lacks enthusiasm for his task.

Likewise, he can't understand why he is criticized for not going after his sparring partners with more gusto.

"I don't believe in trying to knock them out," he shrugged, "so why should anyone else care?"

To date, he has put in 131 rounds in the ring and has missed just two days of work.

Ingemar appears to be working for speed and stamina. He apparently has enough confidence in his punching ability to concentrate on other matters.

He is on the road every morning rain or shine, and runs like all get-out.

## U.S. Men Lazy and Sloppy So Says Famed Schiaparelli

By DOROTHY ROE  
Associated Press Women's Editor  
Elsa Schiaparelli says American men are lazy and sloppy. This also is true, in a lesser degree, of all men, even Europeans, says the imperious Schiaparelli, whose ideas on dress and manners have left an imprint on a generation of international society.

The Paris designer is annoyed because men won't take the trouble to dress up any more.

"I get more disgusted with men all the time — particularly trav-

eling Americans," she says. "They start out on a trip to Europe and never bother to pack a dinner jacket. This is not only stupid — it's bad manners."

"Dozens of times recently I have invited a man to a dinner party, mentioning that he should wear a black tie, only to be told gaily that he didn't bring one along. Invariably he adds — 'I'll just have to come as I am.'"

Schiaparelli takes a dim view of all phases of the current American craze for casual living.

It's all right to wear a sweater and slacks on a picnic, but they don't belong in the theater or the drawing room."

"It's not polite to refuse to dress for a party. It's an insult to your hostess. After all, correct dress is a part of good manners."

## Plastic Bag Pamphlets Head for Local Offices

COLUMBUS, Ohio (AP)—Local health departments will soon receive pamphlets which warn that transparent plastic bags can become instruments of death if mis-used.

The plastic material—used to protect dry-cleaned clothes, some foods and other goods—can cling to the face and cause suffocation, the Health Department warns. Or, says the department, a child may bite off bits of the material, which can become lodged in the wind-pipe.

About 35 deaths across the nation this year have been blamed on the plastic, and the Ohio department says the bags caused six accidental deaths and one suicide in Ohio.

## Toledo-Cleveland NYC Train Is Discontinued

COLUMBUS, Ohio (AP) — The New York Central Railroad has announced it plans to discontinue train No. 78 which leaves Toledo at 6:35 p.m., EST, stops in Sandusky and Elyria and arrives at Cleveland at 8:30 p.m., EST. The railroad told the Utilities Commission Monday that train No. 6, arriving in Cleveland at 7:05 p.m., EST, can handle No. 78's business.
